Performance tier: Everyday portable storage

Uses: Document storage, photo backup, video storage, music files, school projects, office documents, file transfers, personal data storage

Description

The SanDisk Ultra Curve 128GB USB 3.2 Flash Drive is designed to make everyday file storage and transfer convenient. Its India Blue finish gives the compact drive a distinctive appearance, while its portable form makes it suitable for carrying important digital files between different locations.

With 128GB of storage capacity, the drive can hold a variety of digital content, including work documents, school assignments, photographs, music and videos. It provides a straightforward way to transfer files between compatible computers and keep frequently used information accessible without relying on an internet connection.

The USB 3.2 Gen 1 interface supports read speeds of up to 100MB/s under suitable conditions. Actual performance can vary depending on the host device, USB port, file type and other system factors. Backward compatibility with USB 3.0 and USB 2.0 helps extend its usability across compatible devices.

Measuring 45.04 x 19.05 x 7.75mm and weighing 3.4g, the SanDisk Ultra Curve is easy to carry in a bag or pocket. Its integrated keyring loop offers an additional way to keep the drive close at hand. Buy this 128GB SanDisk USB flash drive for convenient everyday storage at home, school or work.

Features

The SanDisk Ultra Curve combines practical storage capacity with a compact design for everyday digital tasks.

- 128GB storage capacity: Store documents, photos, videos, music and other digital files in one portable device.
- USB 3.2 Gen 1 interface: Supports convenient file transfers with read speeds of up to 100MB/s under suitable conditions.
- Backward compatibility: Works with compatible USB 3.0 and USB 2.0 ports.
- Compact construction: Its small dimensions make it convenient to carry between locations.
- Lightweight design: Weighs 3.4g for easy everyday portability.
- Built-in keyring loop: Provides a convenient attachment point for a keyring or suitable lanyard.
- India Blue finish: Adds a distinctive colour to your portable storage accessory.
- RescuePRO Deluxe recovery software offer: Eligible users can access downloadable data recovery software, subject to registration and applicable terms and conditions.
- Offline file access: Store and access files locally without requiring an internet connection.

From workdays to weekends

The grab-and-go drive that's ready for anything.

FAQ

How much storage does the SanDisk Ultra Curve provide?

This model provides 128GB of storage capacity for documents, photos, videos, music and other digital files. The usable capacity may be lower due to formatting and system calculations.

What is the maximum read speed of this USB flash drive?

The SanDisk Ultra Curve supports read speeds of up to 100MB/s under suitable conditions. Actual speeds depend on the connected device, USB interface, file type and system performance.

Is the SanDisk Ultra Curve compatible with USB 2.0?

Yes. The drive is backward-compatible with USB 2.0 and USB 3.0 ports. When connected to a USB 2.0 port, transfer performance may be lower than on a compatible USB 3.2 Gen 1 port.

What can I store on the SanDisk Ultra Curve 128GB?

ComX Computers

Product Specification Sheet

You can store compatible digital files such as documents, presentations, photographs, videos, music and school or office projects.

Can I use this flash drive with a laptop or desktop computer?

Yes. It can be used with compatible laptops and desktop computers that have a supported USB port and an operating system capable of recognising the drive.

Does the SanDisk Ultra Curve require an internet connection?

No. Files stored on the drive can be accessed without an internet connection. An internet connection may be required to download the optional RescuePRO Deluxe recovery software.

Does this flash drive include data recovery software?

The product includes an offer for downloadable RescuePRO Deluxe data recovery software. Downloading, registration and use are subject to the applicable terms and conditions. Recovery of deleted files is not guaranteed.

Is the SanDisk Ultra Curve easy to carry?

Yes. It measures 45.04 x 19.05 x 7.75mm, weighs 3.4g and has an integrated keyring loop for convenient portability.

What is the colour and model number of this version?

This version has an India Blue finish and the model number SDCZ550-128G-G46NB.
