Buy the SanDisk Ultra Curve 256GB USB flash drive online in South Africa for convenient everyday data storage.

Overview Summary

SanDisk Ultra Curve Mint 256GB USB 3.2 Flash Drive

The SanDisk Ultra Curve 256GB flash drive is designed for portable digital storage at home, at work or while travelling. Its 256GB capacity provides space for a wide range of files, including documents, photographs, videos, presentations and music. The mint finish gives the drive a distinctive appearance, while its compact design makes it easy to carry.

ComX Computers

Product Specification Sheet

The USB 3.2 Gen 1 interface supports read speeds of up to 100MB/s under suitable conditions, helping you access and transfer files efficiently. The drive is backward compatible with USB 2.0, making it suitable for many computers and other compatible devices. A built-in keyring loop provides a convenient way to keep the drive close at hand.

Performance tier:Everyday portable storage

Uses:Document storage, photo backup, video storage, music libraries, presentations, file transfers, personal and work files

Description

The SanDisk Ultra Curve Mint 256GB USB 3.2 Flash Drive is a practical portable storage solution for users who need convenient access to their digital files. With 256GB of storage capacity, it can hold a broad collection of documents, photographs, videos, music and other everyday data. It is suitable for transferring files between compatible computers and keeping important digital content readily accessible.

The USB 3.2 Gen 1 interface offers read speeds of up to 100MB/s under suitable conditions. Actual performance can vary depending on the host device, USB port, file types and other operating conditions. The drive is also backward compatible with USB 2.0, allowing it to work with compatible older devices, although transfer performance will depend on the connection used.

Its compact body measures 45.04 x 19.05 x 7.75 mm and weighs approximately 3.4 g, making it easy to carry in a laptop bag, backpack or pocket. The mint colour provides a distinctive finish, and the built-in keyring loop allows convenient attachment to a keyring or suitable carrying accessory.

The SanDisk Ultra Curve is designed for straightforward everyday file storage without requiring an internet connection or a monthly subscription. A RescuePRO Deluxe data recovery software download offer is available, subject to registration and applicable terms. Buy this 256GB SanDisk flash drive for portable storage and convenient file management at home, at school or in the workplace.

Features

The SanDisk Ultra Curve 256GB flash drive combines generous storage capacity with a compact design for everyday digital tasks.

- 256GB storage capacity: Store documents, photos, videos, music and other digital files on a portable device.

FAQ

How much storage does the SanDisk Ultra Curve Mint flash drive provide?

This model provides 256GB of nominal storage capacity for documents, photos, videos, music and other digital files. The usable capacity may be lower due to formatting and system calculations.

What is the maximum read speed of the SanDisk Ultra Curve 256GB?

The drive offers read speeds of up to 100MB/s under suitable conditions. Actual performance depends on the host device, USB port and the files being transferred.

Is the SanDisk Ultra Curve 256GB compatible with USB 2.0?

Yes. The drive is backward compatible with USB 2.0. Transfer speeds depend on the USB port and the capabilities of the connected device.

What can I store on this 256GB USB flash drive?

ComX Computers

Product Specification Sheet

You can store compatible documents, photographs, videos, music, presentations, backups and other digital files, provided they fit within the available storage capacity.

Can I use the SanDisk Ultra Curve flash drive without internet access?

Yes. You can store and access files locally on compatible devices without an internet connection. Internet access may be needed to download optional software.

Does the SanDisk Ultra Curve include data recovery software?

The product includes a RescuePRO Deluxe data recovery software download offer. Registration is required, and the offer is subject to applicable terms and conditions.

Can I attach the SanDisk Ultra Curve to a keyring?

Yes. The flash drive has a built-in keyring loop that allows it to be attached to a suitable keyring or carrying accessory.

Which devices can use the SanDisk Ultra Curve 256GB?

It can be used with compatible computers and other devices that support USB mass storage. Check the device's USB port and operating system compatibility before use.
