SDIX60N-128G-GN6NE

Sandisk iXpand Flash Drive Go 128GB USB 3.0 and Lightning for iPhone and iPad

Product Overview

Sandisk iXpand Flash Drive go 128GB USB 3.0 and Lightning for iPhone and iPad, USB Type-A & Lightning connector

Specifications

Overview:

- 128GB Storage Capacity
- USB 3.0/3.1 Gen 1 Interface
- USB Type-A & Lightning Connectors
- Password Protect Your Files

Features:

Free up space on your iPhone using the 128GB iXpand Flash Drive Go from SanDisk . Built with both Lightning and USB 3.0 Type-A connections, files can easily be transferred between your iPhone, the iXpand Go, and your desktop or laptop system. Simply plug the Lightning connector into your iPhone, copy any desired files to the iXpand Go, and then plug the USB Type-A connector into your computer to access and copy its content.

Using the iXpand Drive app, you'll be able to configure automatic backups of your iPhone's photos, videos, and contacts. If you'd like to share this flash drive with someone else, yet keep your content private, the app can also password protect your content. The iXpand Flash Drive Go also lets you record videos directly to the drive instead of saving them to your iPhone's internal storage.

USB 3.0 / 3.1 Gen 1 / 3.2 Gen 1
USB 3.0, which is also known as USB 3.1 Gen 1 and USB 3.2 Gen 1, features a maximum throughput of 5 Gb/s.

Free Up Space On Your iPhone
Out of space on your iPhone? Simply plug in the iXpand Flash Drive Go and easily move files off your iPhone, freeing up valuable space so you can take more selfies, play more games, watch more videos, or whatever else you do with your iPhone

Automatically Back Up Photos and Videos
Your iPhone holds some of your most cherished memories. All you need to do is plug in the iXpand Flash Drive Go and it automatically backs up your latest photos, videos, and contacts for you via the iXpand Drive app. You can rest assured that

even if you lose your phone, you've got the memories that matter most.

Record Videos Directly to the Drive
Are videos taking up too much space? With the iXpand Flash Drive Go, you can record right onto the drive, keeping those memory-heavy files from taking up valuable space on your iPhone.

Quickly Move Content to Your Computer
Say goodbye to emailing photos between devices. Once files are on your iXpand Flash Drive Go, you can use the USB 3.0 connector to transfer them over to your computer.

Password Protect Your Files
Want to keep your files private when you share your drive? Use the iXpand app to password-protect your files and photos across iPhone, Windows, and Mac computers.

Dual-Purpose Swivel with Keyring Hole
The iXpand Flash Drive Go has a swivel design that protects its connectors when it's tossed in your bag or pocket and a keyring hole makes it easy to attach to your keyring. It's always handy if you need to free up space when you're out and about.

iXpand Drive App
The iXpand Drive app makes it easy to manage photos and videos, watch videos directly from the drive, and even take videos from the app and save them directly onto the drive. MP4 and MOV videos formats are supported in iOS and DRM-protected content cannot be streamed.

iPhone Compatibility
iPhone 5, 5c, 5s, 6, 6 Plus, 6s, 6s Plus, Se, 7, 7 Plus, 8, 8 Plus, X, Xs, Xs Max, and XR with iOS 10.0.2 or higher.

iPad Compatibility
iPad Air, iPad mini, iPad mini 4, iPad Pro, iPad with Retina display, and iPod 5th Generation and newer with iOS 10.0.2 or higher.

Specifications:

Storage Capacity	128GB
Interface	USB 3.0/3.1 Gen 1 (5 Gb/s)
