Uses: Photo storage, video storage, file transfers, device storage expansion, backups, portable data storage

Overview:

SanDisk Phone Drive 256GB USB 3.2 Gen 1 Type-C - Arctic White, Up to 150MB/s Sequential Read Performance, SDIXS0N-256G-GN6NE

Your world is bigger than any one device, and your life spans across your entire device ecosystem.

Description:

The SanDisk Phone Drive with USB-C gives compatible USB Type-C devices extra storage and a convenient way to move photos, videos and other important files. With 256GB of capacity and sequential read speeds of up to 150MB/s, it is designed for quick file transfers between compatible iPhone, iPad, MacBook and other USB Type-C devices. The compact drive combines practical storage expansion with a premium metal exterior in Arctic White, making it a useful addition to a modern mobile and computer setup.

Features:

USB Type-C Storage for iPhone, iPad and Mac
Designed for USB Type-C devices, the SanDisk Phone Drive makes it easier to transfer and manage content across your compatible device ecosystem. It provides a simple way to move high-resolution photos, high-definition videos and other files without relying solely on your device's internal storage.

The 256GB capacity provides plenty of additional space for everyday content, making it easier to keep creating without constantly deleting files to free up storage.

Fast USB 3.2 Gen 1 File Transfers
With a USB 3.2 Gen 1 interface and sequential read performance of up to 150MB/s, the SanDisk Phone Drive is built for fast access to stored content and convenient file transfers. Performance may vary depending on the host device, usage conditions and other factors.

Key technical details include:

- Capacity: 256GB
- Interface: USB 3.2 Gen 1
- Connector: USB Type-C
- Sequential read performance: Up to 150MB/s

- Colour: Arctic White
- Compatible devices: Compatible USB Type-C iPhone, iPad, Mac and other USB Type-C devices

Extra Storage for Photos and Videos
The SanDisk Phone Drive is well suited to users who regularly capture photos and videos on their iPhone or iPad. Additional storage helps provide more room for high-resolution images, high-definition video and important files, reducing the need to delete content simply to make space.

SanDisk also offers capacities up to 1TB in this product range, providing an option for users who need even more portable storage.

Easy File Management and Backup
The included SanDisk app for iPhone and iPad helps users automatically back up and manage files. This makes it easier to organise important content and maintain additional copies of photos, videos and other files.

Data recovery support can also help protect valuable memories and important content in supported situations.

Premium Arctic White Design
The SanDisk Phone Drive combines practical portable storage with a polished design. The premium metal exterior and Arctic White finish are designed to complement compatible iPhone devices while remaining compact enough for convenient everyday use.

SanDisk Phone Drive 256GB for Everyday Use
Whether you need extra storage for an iPhone, a convenient way to transfer photos to a MacBook, or portable space for videos and documents, this 256GB SanDisk Phone Drive provides a practical USB Type-C storage solution.

The product part number / SKU is SDIXS0N-256G-GN6NE, making it easy to identify when ordering or checking compatibility.
