Performance tier: Mid-range

Uses:iPhone storage expansion, iPad storage expansion, Mac storage, photo transfer, video transfer, file backup, portable file storage

Overview:

SanDisk Phone Drive 512GB USB-C Maritime Blue
The SanDisk Phone Drive 512GB is a compact USB-C storage solution designed to make it easier to expand storage and move photos, videos and files between compatible devices. With a USB 3.2 Gen 1 interface and sequential read speeds of up to 150MB/s, it provides a convenient way to transfer content between compatible USB Type-C iPhones, iPads, Macs and other USB-C devices.

Description:

The SanDisk Phone Drive 512GB combines portable storage with a stylish design that complements modern Apple devices. Its 512GB capacity gives you plenty of additional space for high-resolution photos, high-definition videos and important files, helping you keep creating without constantly deleting content to free up storage.

Designed specifically for USB-C devices, the drive makes it simple to move files between compatible iPhone, iPad and Mac devices. The compact design and premium metal exterior make it practical for everyday use while the Maritime Blue finish adds a refined look.

Features:

Fast USB-C File Transfers
Using USB 3.2 Gen 1 connectivity, the SanDisk Phone Drive delivers sequential read performance of up to 150MB/s. This makes transferring large photo and video collections faster and more convenient compared with slower storage options.

- USB 3.2 Gen 1 interface
- USB Type-C connectivity
- Up to 150MB/s sequential read performance
- 512GB storage capacity
- Maritime Blue finish

Expand Your iPhone and iPad Storage
The 512GB capacity provides substantial additional storage for compatible USB-C iPhones and iPads. Keep more photos, videos and files available without relying entirely on the internal storage of your device.

The drive is also useful when working across multiple devices. Transfer content between a compatible iPhone, iPad, MacBook or other USB-C device without having to depend solely on cloud storage.

Easy File Management and Backup
The included SanDisk app for iPhone and iPad helps you automatically back up and manage your files. This provides a practical way to organise important content and create additional copies of your photos and videos.

Data recovery support is also included as part of the drive's data protection capabilities, helping you recover important files in supported situations.

Premium Portable Design
The SanDisk Phone Drive has a polished metal exterior and compact form factor, making it suitable for carrying with your everyday devices. The Maritime Blue finish is designed to complement the appearance of compatible iPhone 16 models.

Whether you need extra space for photography, video recording or everyday file storage, this USB-C flash drive offers a convenient portable option.

Technical Details

- Model number: SDIXS0N-512G-GN6ND
- Part number / SKU: SDIXS0N-512G-GN6ND
- Capacity: 512GB
- Interface: USB 3.2 Gen 1
- Connector: USB Type-C
- Sequential read speed: Up to 150MB/s
- Colour: Maritime Blue
