

SDSDXVA-128G-GNCIN

SanDisk Extreme 128GB SDHC UHS-I card

Product Overview

SanDisk Extreme 128GB SDHC UHS-I card, Up to 190MB/s Sequential read Performance, Up to 90MB/s Sequential write Performance, UHS-I Interface, SDSDXVA-128G-GNCIN

Specifications

Overview Summary:

The SanDisk Extreme 128GB SDHC UHS-I memory card provides fast, reliable storage for photographers and videographers. With read speeds up to 180MB/s, write speeds up to 90MB/s and support for 4K UHD video, it is designed for capturing high-resolution photos and smooth video.

Built to handle demanding conditions, this 128GB SD card is temperature-proof, waterproof, shock-proof and x-ray-proof. Buy now or shop now for dependable high-speed storage for your compatible camera or device.

Performance tier:High-performance

Uses:4K UHD video recording, burst photography, digital photography, camera storage, media file transfers

Overview:

SanDisk Extreme 128GB SDHC UHS-I Memory Card

The SanDisk Extreme 128GB SDHC UHS-I memory card is designed for photographers, videographers and content creators who need fast, reliable storage for high-resolution media. With fast read and write performance, UHS-I technology and a durable design, this memory card is well suited to 4K UHD video recording, sequential burst photography and everyday media storage.

Description:

The SanDisk Extreme 128GB SDHC UHS-I card combines high-speed performance with dependable durability for demanding photography and video applications. It offers fast data transfer speeds to help reduce the time spent moving large files from your camera or other compatible device. Its U3 speed class makes it suitable for high-resolution 4K UHD video recording, while fast shot speeds help capture rapid sequences without unnecessary delays.

Designed for use in challenging environments, the SanDisk Extreme SD card is built to withstand water, temperature extremes, shocks and X-rays. This makes it a practical choice for photographers and videographers working outdoors, travelling or shooting in less predictable conditions.

Features:

Fast Performance for Photography and Video

With sequential read performance of up to 190MB/s and sequential write performance of up to 90MB/s according to the detailed model specification, the card provides the speed needed for moving and recording large media files. The SanDisk Extreme range also offers read transfer speeds of up to 180MB/s with compatible setups using SanDisk QuickFlow Technology.

For burst photography, shot speeds can reach up to 130MB/s, helping you capture fast-moving subjects and consecutive images with less delay.

Key performance details include:

- Capacity: 128GB
- Card type: SDHC
- Interface: UHS-I
- Sequential read performance: Up to 190MB/s
- Sequential write performance: Up to 90MB/s
- Shot speeds: Up to 130MB/s
- UHS Speed Class: U3
- Suitable for 4K UHD video recording

Ideal for 4K UHD Video

The SanDisk Extreme 128GB SD card is designed for users who need dependable performance when recording high-resolution video. Its UHS Speed Class 3 rating supports sustained recording requirements for compatible 4K UHD cameras and devices, helping reduce the risk of interrupted recording caused by insufficient card performance.

Whether you are recording outdoor footage, family events, travel videos or professional content, the 128GB capacity provides useful space for storing high-resolution photos and video clips.

Efficient Media Transfers

SanDisk QuickFlow Technology helps improve media offload performance on supported capacities, with transfer speeds of up to 180MB/s. This can reduce the time required to transfer large numbers of photos and video files to a computer or storage device.

For maximum transfer performance, the card can be paired with a compatible SanDisk Professional PRO-READER SD and microSD reader, sold separately.

Built for Outdoor Use

The SanDisk Extreme SD UHS-I memory card is designed and tested for use in demanding conditions. Its durable construction provides protection against several common environmental hazards, making it suitable for travel, outdoor photography and video production.

The card is:

- Temperature-proof
- Waterproof
- Shock-proof
- X-ray-proof

Recover Accidentally Deleted Images

The card includes an offer for RescuePRO Deluxe data recovery software, which can help recover images that have been accidentally deleted. Availability and offer terms may vary.

SanDisk Extreme 128GB Model Details

The part number / SKU for this memory card is SDSDXVA-128G-GNCIN. This model provides 128GB of storage and uses the UHS-I interface, making it compatible with a wide range of cameras, camcorders and other devices that support SDHC UHS-I memory cards.

Who Is This Memory Card For

The SanDisk Extreme 128GB SDHC UHS-I card is a practical choice for photographers, videographers, travellers and content creators who need fast and durable removable storage. Its combination of high-speed data transfer, burst photography performance and 4K UHD video support makes it suitable for both everyday shooting and more demanding media workflows.

Specifications	
Product Code	SDSDXVA-128G-GNCIN
Capacity	128GB
Form Factor	SDHC
Sequential Read Performance	Up to 180MB/s
Sequential Write Performance	Up to 90MB/s
Interface	UHS-I
Dimensions (L x W x H)	1.26" x 0.94" x 0.09"
Weight	2.1gms
Model Number	SDSDXVA-128G-GNCIN
Operating Temperature	-25degreesC to 85degreesC
Non-Operating Temperature	-40degreesC to 85degreesC
Product Features	Shot speeds up to 130MB/s
	Transfer speeds up to 180MB/s
	Perfect for 4K UHD video
Compatibility	Compatible with SanDisk SD UHS-I Card Reader for speeds up to 90MB/s6
