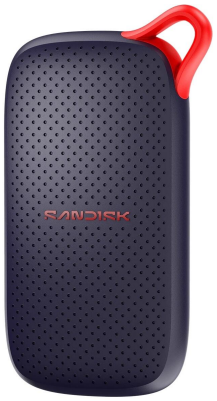
SDSSDE31-500G-G25

SanDisk Portable (V3) 500GB USB 3.2 Gen 2 Type-C Solid State Drive

Product Overview

SanDisk Portable (V3) 500GB USB 3.2 Gen 2 Type-C Solid State Drive, Up to 1000MB/s Sequential read Performance, Durable for up to 2 meter drops, SDSSDE31-500G-G25



Specifications

Overview Summary:

Buy the SanDisk Portable SSD V3 500GB for fast, convenient external storage in a compact USB-C design. With read speeds of up to 1000MB/s, it is ideal for transferring and storing photos, videos, documents and other important files.

Its durable, pocket-sized design makes it easy to take your data wherever you go, while broad compatibility supports modern Android, iPadOS, macOS and Windows devices. Shop now and upgrade your portable storage.

Performance tier: High-performance portable storage

Uses: File storage, data transfer, photo storage, video storage, document backups, portable archives

Overview:

SanDisk Portable SSD V3 500GB USB 3.2 Gen 2 External SSD
The SanDisk Portable SSD V3 500GB is a compact and durable external solid state drive designed for fast, convenient storage wherever you need it. With sequential read speeds of up to 1000MB/s and a USB 3.2 Gen 2 Type-C interface, it provides a significant speed upgrade over traditional portable hard drives. Its lightweight design and drop protection up to 2 metres make it suitable for everyday use at home, in the office, or while travelling.

Description:

The SanDisk Portable SSD V3 500GB combines fast data transfer performance with a rugged, pocket-sized design. It is an ideal choice for storing and moving photos, videos, documents, creative projects, AI-generated content and personal archives without the bulk associated with conventional external hard drives.

With no spinning disks or fragile moving parts, the SSD is designed to handle everyday portability more confidently. USB-C

connectivity makes it simple to connect to compatible devices, while read speeds of up to 1000MB/s help reduce transfer times when working with large files.

Features:

Fast 500GB External SSD Storage
Upgrade from a traditional portable hard drive and move large files faster with sequential read performance of up to 1000MB/s. The SanDisk Portable SSD V3 is designed to spend less time transferring files and more time getting work done.

USB 3.2 Gen 2 technology provides a modern high-speed connection, while the USB Type-C interface makes the drive convenient for compatible laptops, desktop computers and other devices.

Durable Portable Storage for Everyday Use
The compact SanDisk SSD is built without moving mechanical parts, making it more resistant to the bumps and movement associated with everyday portable storage. It offers drop protection of up to 2 metres, helping provide additional protection when carrying the drive between locations.

Compact Design for Easy Portability
This 500GB external SSD has a slim and lightweight design that can easily be carried in a pocket, laptop bag or small case. It provides practical storage without the size and weight of a traditional external hard drive.

Store Photos, Videos and Creative Projects
With 500GB of storage capacity, the drive provides space for a wide range of files, including photographs, videos, documents, project files, downloads and personal archives. Fast read performance also makes it useful for users who regularly work with larger files.

USB-C Connectivity for Simple Setup
Connect the SanDisk Portable SSD V3 to a compatible device using its USB Type-C interface. The straightforward plug-and-use design allows you to start transferring files without complicated setup.

Key technical details:

- Storage capacity: 500GB
- Drive type: Portable solid state drive
- Interface: USB 3.2 Gen 2
- Connector: USB Type-C
- Sequential read speed: Up to 1000MB/s
- Drop protection: Up to 2 metres
- Form factor: Compact and portable
- Model number: SDSSDE31-500G-G25

SanDisk Portable SSD V3 500GB for Work and Everyday Storage
Whether you need a fast external SSD for backing up important files, transferring large media files or carrying your data between computers, the SanDisk Portable SSD V3 offers a practical combination of speed, durability and portability.

The 500GB capacity provides useful additional storage for laptops and desktop computers, while the compact design makes it easy to keep your files with you. The product part number / SKU is SDSSDE31-500G-G25.
