Specifications

Overview:

Protecting you… starts with protecting your PC. That's why our essential PC protection defends against viruses, ransomware, phishing, spyware, dangerous websites and more. It automatically scans your PC to find threats - including new drive-by cryptomining infections that could seriously damage your PC's performance. And, if your PC is infected, our technologies help you to rescue & reset it.

Features:

Award-winning
Our innovative security helps protect your PC from viruses, ransomware, spyware, phishing, dangerous websites and more.

Secure - not slow
You want your PC to perform as it's designed to - and so do we. That's why our security works 'behind the scenes', without any fuss.

Easy to use
PC security shouldn't get in your way - so we've developed essential protection that's simple to set up and easy to run.
