Specifications

About this product

Kaspersky Plus Internet Security - 1-year licence for up to 5 devices (SKU SF-KP5). It delivers comprehensive real-time protection, privacy tools and performance optimisation across Windows, macOS, Android and iOS.

Overview Summary

Kaspersky Plus Internet Security - 1 Year (5 Devices)

This licence gives you full protection for up to five devices with Kaspersky Plus, combining antivirus, anti-malware, firewall and anti-hacking defenses to defend against a wide range of threats. According to the reseller listing, this is the same feature-set offered under SKU SF-KP5.

It also includes privacy and performance benefits: an unlimited VPN secures your online browsing, a password manager stores your credentials, hard-disk health monitoring helps maintain stability, and performance-boosting tools optimise device responsiveness.

Performance tier: Premium / Advanced

Uses: Multi-device protection, Secure browsing, Identity protection, Online banking, System performance optimisation

Description

The SF-KP5 edition of Kaspersky Plus Internet Security provides a one-year subscription for up to five devices, offering a balanced mix of security, privacy and performance. Its multi-layer protection engine includes real-time antivirus, anti-malware and firewall modules to guard against viruses, ransomware, network attacks and phishing.

Privacy is enhanced with an unlimited VPN that encrypts your internet connection and helps you browse securely on any network. A built-in password manager lets you store and autofill credentials across all your devices. Meanwhile, performance tools like disk health monitoring, cleanup tools and a "do not disturb" mode keep your devices running smoothly without

interrupting your workflow or entertainment.

Features

- Real-Time Antivirus: Continuously protects against malware, trojans, worms and more.
- Anti-Malware: Blocks advanced threats such as keyloggers, rootkits, adware, and man-in-the-middle attacks.
- Firewall & Anti-Hacking: Protects your network and prevents unauthorised access.
- Unlimited VPN: Secure, encrypted browsing with no data limit.
- Password Manager: Securely stores your passwords and auto-fills credentials across devices.
- Disk Health Monitoring: Checks the health of your hard drive to help prevent data loss.
- Performance Optimisation: Cleans files, removes unused apps and speeds up system startup.
- Do-Not-Disturb Mode: Suspends non-critical alerts while you play games, watch videos or use full-screen applications.
- Stalkerware / Privacy Protection: Detects apps that spy on your activity, and protects your mic/webcam.
- Data Leak Checker: Alerts you if your personal information has been exposed in known data breaches.

FAQ

Can I install this licence on five devices?

Yes - the SF-KP5 licence covers up to five devices, and these can be a mix of Windows, macOS, Android and iOS devices.

Is the VPN truly unlimited?

Yes - this version of Kaspersky Plus includes an unlimited VPN for secure browsing.

Do I need to be online to activate the licence?

Yes. Activation requires an internet connection, as does using online-based features such as updates, VPN and data leak checking.

Does this package include a physical CD or DVD?

No. The licence is digital and comes with an activation code for My Kaspersky.

Will running all these security features slow my computer?:

No. Kaspersky Plus includes performance tools like cleanup, disk-health monitoring and "do-not-disturb" mode to minimise impact on system speed.

Kaspersky Plan Comparison

- Kaspersky Standard - Core antivirus and anti-malware protection
- Real-time threat detection and firewall
- Safe browsing and anti-phishing
- Secure online payments (Safe Money)
- Basic performance optimization tools
- Device cleanup and app management
- Kaspersky Plus - Everything in Standard
- Unlimited high-speed VPN
- Password manager and secure vault
- Enhanced privacy protection tools
- Data leak checker and identity protection
- Advanced performance tools (including HDD monitoring)
- Kaspersky Premium - Everything in Plus
- Premium 24/7 remote IT support
- Advanced identity protection features
- Priority expert virus removal services
- Full suite of security, privacy, and performance tools
- Best for families or users needing complete digital protection
