Zebra TC53/TC58 Tempered Glass Screen Protector - 1 pack

Product Overview

Zebra TC53/TC58 Tempered Glass Screen Protector - 1 pack, Compatibility - TC53 / TC58 / TC53e / TC58e / TC53e

Specifications

Overview Summary:

Protect your Zebra TC53 and TC58 mobile barcode scanners with this durable 9H tempered glass screen protector. Designed specifically for TC53, TC58, TC53e and TC58e models, it provides reliable scratch and impact resistance while maintaining crystal-clear display visibility. The precision-cut transparent glass ensures a perfect fit without affecting touch sensitivity, making it ideal for demanding work environments.

Supplied with a convenient cleaning kit for easy installation, this screen protector helps extend the life of your device and reduce costly screen repairs. Whether you operate in retail, warehousing or logistics, this is an essential accessory to keep your scanner protected. Buy now and keep your Zebra devices working at their best, or shop now for fast delivery across South Africa.

Performance tier: Professional-grade

Uses: Protecting barcode scanner screens, Preventing scratches, Reducing screen damage from impacts, Extending device lifespan

Overview:

Zebra TC53 and TC58 Tempered Glass Screen Protector 9H Scratch Resistant
The Zebra TC53/TC58 Screen Protector SG-NGTC5-SCRNP-01 is a premium 9H tempered glass screen protector designed specifically for Zebra TC53 and TC58 mobile computers. Supplied as a single pack with a cleaning kit, it replaces the previous SG-NGTC5-SCRNP-03 model and delivers dependable scratch and impact resistance. Engineered for clarity and durability, this transparent protective film helps maintain screen visibility while shielding your device from everyday wear and tear.

Description:

The Zebra TC53 and TC58 tempered glass screen protector provides durable 9H hardness protection against scratches,

scuffs, and minor impacts. Designed exclusively for Zebra TC53, TC58, TC53e, and TC58e mobile barcode scanners, it preserves screen clarity and touch responsiveness. The included cleaning kit ensures a smooth, bubble free installation, making it a practical solution for extending device lifespan in demanding work environments such as retail, logistics, warehousing, and field service.

Features:

Designed for Zebra TC53 and TC58 Mobile Computers
Built for seamless compatibility, this screen protector is precision cut to fit:

- Zebra TC53
- Zebra TC58
- Zebra TC53e
- Zebra TC58e

It is compatible only with these Zebra Android mobile barcode scanner models, ensuring an exact fit and optimal edge to edge coverage without interfering with touch functionality or display clarity.

9H Tempered Glass Protection for Demanding Environments
Constructed from high quality tempered glass, this screen protector delivers 9H surface hardness to guard against scratches caused by keys, tools, and daily handling. It also helps absorb minor impacts, reducing the risk of screen damage during accidental drops or knocks.

Key benefits include:

- Strong scratch and impact resistance for everyday industrial use
- High transparency for clear barcode scanning and screen visibility
- Smooth surface that maintains responsive touch performance
- Transparent finish that preserves the original display look

Clear Visibility and Professional Installation
Clarity is essential for mobile barcode scanning and enterprise applications. This tempered glass protector is engineered to maintain maximum transparency, allowing users to view data, scan barcodes, and operate applications without distortion.

Each pack includes:

- 1 x Zebra TC53/TC58 tempered glass screen protector
- Cleaning kit for dust and residue removal before installation

The cleaning kit helps ensure proper adhesion and reduces the risk of bubbles, making installation straightforward and efficient.

Product Details

- Brand: Zebra
- Product type: Screen protector
- Material: Tempered glass
- Surface hardness: 9H
- Colour: Transparent
- Compatibility: TC53, TC58, TC53e, TC58e

This Zebra TC53 and TC58 tempered glass screen protector is an essential accessory for businesses looking to protect their investment in mobile computing devices while maintaining performance, clarity, and reliability in daily operations.
