

SIP-T34W

Yealink Desktop IP Phone with built-in Wi-Fi

Product Overview

Yealink Desktop IP Phone with built-in Wi-Fi, Excludes PSU

Specifications

Features:

Built-in WiFi, Effortless Deployment

The T34W supports 2.4G/5G built-in WiFi, providing more options for network connectivity. Enjoy faster, hassle-free deployment with reduced cabling for a more attractive and efficient workspace.

Superior HD Audio, Better Communication

The Yealink T3 series provides distraction-free communications with industry leading Smart Noise Filtering Technology, which delivers excellent sound quality without extraneous noises and allows fluent conversations.

Classic Design, Practical Details

Designed by Yealink original team, T3 series inherits the design concept of Yealink IP phone family. The advanced design including modern appearances and ergonomic details enables easier and friendly operation experience to users.

Stylish Design

Elevating aesthetic design with a clean, business-ready Look. Featuring a 2.4-inch 320 x 240 pixel backlit color display, it offers high-resolution graphics and a vibrant, colorful experience.

Hall switch

No popping sound when picking up or putting on the handset. Provides a quieter working area and longer service life.

Adjustable stand & Wall Mount

Adjustable multi-angle stand, perfect for more different situation based on your real needs. Also support wall mount, 1 accessory with 2 installation modes for diverse and flexible working scene (not applicable to US wall plate Standard).

Scalable

Integrated USB 2.0 interface, can be directly connected to Yealink wired headset, or through the Yealink BT50/BT51A Bluetooth adapter to connect to the Yealink Bluetooth headset.
