## Specifications

### Overview:

#### Galaxy Watch Active2 Bluetooth (44mm) Stainless Steel - SM-R820NSSAXFA

Heart Rate Monitoring Fitness Tracking Water Resistant

### Features:

#### Custom comfort on your wrist

Choose your look and your comfort for a wellness partner you'll want to keep on 24/7.

Galaxy Watch Active2 comes customized from day one, starting with your choice of Bluetooth or LTE model, 44mm or 40mm, stainless steel or lightweight aluminum design, and straps galore.

#### Widen your space

Maximize your screen space with an uninterrupted view on a sleek body fitted with a touch bezel for quick control.

Galaxy Watch Active2 features an enlarged display with a pure black screen and a border that's hardly there for more space to get the insight you need.

#### Snap your outfit and

#### grab your look

Express yourself with a watch face that fits your look and mood. When you snap a picture of your outfit for the day Galaxy Watch Active2 will put together a watch face to match.

- \* Multi-colored straps sold separately.
- \* QR Code is a trademark of Denso Wave Inc.

#### A watch to make your own

Mix and match for a watch design that fits your look. Choose from the wide selection of straps and put together your own custom Galaxy Watch Active2.

#### Track your

#### workout on

#### your wrist

Galaxy Watch Active2 tracks your movements so you can just slip it on and get working out. With swimming added to automatic tracking you now get seven exercises, while manual tracking works for all activities for dozens you can track. Running coach function gives you actionable advice in real time.

- Walking
- Running
- Cycling
- Rowing
- Elliptical trainer
- Others Workout
- Swimming

#### Health support from the inside out

Be sound in body and mind with a watch that cares for both. Use the stress tracker to watch your stress levels when you're feeling tense, and follow the suggested guided breathing exercises to get some peace of mind.

#### Heart rate tracking for peace of mind

Monitoring your health is at the core of Galaxy Watch Active2 with a full eight photodiodes on the rear side of a new curved design that moulds to your wrist. Health monitoring keeps an eye on your heart rate and sends you an alert when it goes above or below normal levels.

#### Give your life an assist

## ComX Computers

### Product Specification Sheet

Get a jump on life with a smart assistant on your wrist. Control your camera to enrich the shooting experience, view and like on social media, and translate on the go. Newly added On-going Icon displays running apps on the watch face for easy access, and you can even catch incoming calls with Wi-Fi.

#### Stay connected without your phone

Take your contacts, messages and music with you on an LTE-powered life assistant that lets you leave your phone behind. Go on a run with the peace of mind of being connected and not weighed down. Keep your music streaming as you go or download ahead of time for areas with low connectivity.

#### Performance Power that lasts the day

Take your Galaxy Watch Active2 out for the day with a battery that lasts the day and more with normal use. Back home, just lay it on the compact magnetic wireless charger to bring it back to full, no charging jacks or wires required.

#### Keeps up where you go

Take your watch along on the road less traveled. Galaxy Watch Active2 goes where you go with an IP68 and 5ATM water and dust rating plus military grade durability to handle a range of conditions, so you can keep it on to go farther and experience more.

#### Apps to push you further

Bring enhancement to your life with apps ranging from the Galaxy lineup to a large variety of downloadable 3rd party apps. Download apps to create your own personal lineup for smart advice on the fly that you can pull up without leaving your wrist.

- Swim.com
- Endomondo
- Spotify
- MyFitnessPal
- SmartCaddie
- C25K

#### For your best game

Level up your game with a fine-tuned experience right on your wrist. The detailed guide includes touch-targeting, shot history, and dual arc distances readings between you and the green. You can see accurate information on 40,000 courses worldwide at a glance - making the most of every round.

\*Features compatible with Galaxy Watch Active2 Golf Edition 44mm Aqua Black and 40mm Pink Gold models.

- Dual Arc
- Touch-Targeting
- Shot History
- Course Information

#### A smart way to focus on the game

Along with satellite and graphic golf course maps to choose from, you can create your own yardage book to track shots and distances and better your game. Easily access it all on the "Golfwith GOLF GPS" app or website, and enjoy everyday conveniences like taking calls even on the range.

- \*"Golfwith GOLF GPS" mobile app requires separate download before use.
- \*Call, message, email, and notification features require pairing with compatible Android smartphone.
- \*Features available on Galaxy Watch Active2 Golf Edition.

#### Made for your swing

Galaxy Watch Active2 Golf Edition is designed to be optimized for every swing. Its lightweight and water-resistant so it can handle the way you play golf, and whether bright or cloudy, the Super-AMOLED screen is clear and easy to see even as you work on your aim.

\*IP68 rating means that the device is protected against harmful ingress of dust, and of static fresh water at up to 1.5meters for up to 30 minutes, under certain defined test conditions. According to accredited test results, individual results may vary. Note: IP68 rating does not mean that the device is waterproof.
