Solarix LED Solar FloodLamp Blue Large Size - 5IN1 Working Lamp With PowerBank 7200MAH Battery, Service, Emergency, Work Lights, Solar Panel For Charging, Phone Charging

Specifications

About this product

The Solarix LED Solar FloodLamp Blue Large Size is a powerful 5 in 1 working lamp designed for emergency lighting, outdoor use, and mobile charging. Equipped with a 7200mAh rechargeable battery, integrated solar panel, high output LED floodlight, and built in power bank functionality, this versatile light delivers dependable illumination and backup power wherever you need it. Ideal for load shedding, camping, service work, and security lighting.

Overview Summary

Solarix LED Solar FloodLamp Blue Large Size - 5 in 1 Solar Work Light with 7200mAh Power Bank

The Solarix LED Solar FloodLamp Blue Large Size is engineered for reliable performance in demanding conditions. Featuring a high capacity 7200mAh rechargeable battery and integrated solar panel, this multi function LED floodlight provides consistent illumination for homes, workshops, outdoor spaces, and emergency situations. Its large size design ensures wider light coverage, making it suitable for both indoor and outdoor environments.

Designed as a 5 in 1 solution, this working lamp combines a powerful LED floodlight, solar charging capability, USB phone charging, emergency lighting, and portable work light functionality in one durable unit. Whether you are facing load shedding, working on site, camping, or needing backup power, this lamp offers dependable lighting and mobile device charging when you need it most.

Performance tier: High capacity emergency and work light

Uses:emergency lighting, load shedding backup, camping, outdoor work, security lighting, roadside assistance, mobile phone charging

Description

The Solarix LED Solar FloodLamp Blue Large Size is built to deliver dependable lighting and portable power in one compact solution. Designed with a durable housing and high output LED array, it produces bright, wide area illumination suitable for indoor and outdoor environments. The large format design enhances light spread, making it effective for workspaces, garages, gardens, and temporary site lighting.

Powered by a 7200mAh rechargeable battery, this floodlamp ensures extended runtime during power outages or outdoor activities. The integrated solar panel allows convenient off grid charging, while standard charging options provide flexibility when sunlight is limited. The built in power bank function enables users to charge mobile phones and small USB devices, making it a practical emergency companion.

As a 5 in 1 working lamp, it functions as a floodlight, emergency light, portable work lamp, solar charger, and mobile power bank. Whether used during load shedding, camping trips, roadside repairs, or security situations, the Solarix LED Solar FloodLamp offers reliable performance backed by a 1 year carry in warranty for peace of mind.

Features

The Solarix LED Solar FloodLamp combines lighting performance with practical backup power functionality.

- 5 in 1 multi function design for lighting and charging needs
- 7200mAh rechargeable battery for extended use
- Integrated solar panel for renewable charging
- High output LED floodlight for wide area illumination
- USB output for mobile phone charging
- Large size housing for improved light coverage
- Suitable for indoor and outdoor applications
- 1 year carry in warranty
