Solarix Orange Large LED Solar FloodLamp

## Product Overview

Solarix LED Solar FloodLamp Orange Large Size - 5IN1 Working Lamp With PowerBank 7200MAH Battery, Service, Emergency, Work Lights, Solar Panel For Charging, Phone Charging and 1 year warranty carry-in.

## Specifications

### About this product

The Solarix LED Solar FloodLamp Orange Large Size is a versatile 5-in-1 lighting solution featuring high-efficiency LED illumination, a 7200mAh rechargeable battery, integrated solar panel for sustainable charging, and dual functionality as a powerbank for phones. Ideal for outdoor activities, emergency situations, and worksite lighting, this durable lamp combines portability, energy efficiency, and reliable performance in a compact, robust design.

### Overview Summary

**Product:**Solarix LED Solar FloodLamp Orange Large Size - 5IN1

The Solarix LED Solar FloodLamp offers multiple lighting modes tailored for service, emergency, and work purposes. Equipped with a 7200mAh battery, it allows extended usage and can also charge mobile devices via its built-in USB port. The integrated solar panel ensures eco-friendly charging and independence from electrical outlets, making it perfect for outdoor and off-grid scenarios.

This lamp delivers powerful illumination through energy-efficient LEDs while maintaining a durable, weather-resistant body suitable for harsh environments. Its multifunctional design simplifies carrying fewer devices, combining light, power storage, and phone charging in one tool.

**Performance tier:**Premium

**Uses:**Outdoor lighting, Emergency light, Work site lamp, Phone charging, Camping, Solar-powered illumination

## Overview

The Orange Large Size Solarix 5in1 Working Lamp features a powerful 7200mAh battery with solar panel charging, making it ideal for service, emergency, and work lighting needs. It includes multifunctional lighting modes and a built-in power bank for convenient phone charging on the go. Durable and portable, this lamp offers reliable illumination and energy independence for various outdoor and indoor applications

## Description

The Solarix LED Solar FloodLamp combines advanced LED technology with sustainable solar charging. Designed for flexibility, the lamp supports five distinct functions including service light, emergency light, work light, solar charging, and phone powerbank functionality. Its durable orange casing ensures high visibility and impact resistance while providing reliable outdoor performance. Ideal for construction sites, camping, or emergency preparedness, this lamp guarantees long-lasting illumination with convenient portability.

## Features

Experience the benefits of a multi-purpose lighting solution with the Solarix LED Solar FloodLamp:

- 5-in-1 functionality: Work, emergency, service light, solar charging, and powerbank.
- High-capacity 7200mAh battery for extended operation and mobile device charging.
- Eco-friendly solar panel for off-grid recharging.
- Durable, weather-resistant orange casing suitable for outdoor use.
- Energy-efficient LED technology delivering bright, consistent light.
- Portable design with easy handling and transport.
- Multiple lighting modes for varying illumination needs.

## What's in the Box

- 1 x Solarix LED Solar FloodLamp Orange Large Size - 5IN1
- 1 x USB Charging Cable
- 1 x User Manual
- 1 x Warranty Card

## Specifications

- LED type: High-efficiency white LED
- Battery capacity: 7200mAh
- Charging: Solar panel and USB input
- Powerbank output: USB 5V 2A
- Lighting modes: Work light, emergency light, service light, SOS, full brightness
- Material: Durable ABS plastic with weather-resistant coating
- Color: Orange
- Dimensions: 25 x 15 x 8 cm
- Weight: 1.2 kg

- Solar panel type: Monocrystalline
- Operating time: Up to 12 hours on full charge (mode-dependent)
- Suitable for: Outdoor, camping, emergency, service, work sites

## FAQ

### What is the battery capacity of the Solarix LED Solar FloodLamp?

The lamp features a 7200mAh rechargeable battery, providing extended usage for multiple lighting modes and powerbank functionality for mobile devices.

### Can the lamp charge a mobile phone?

Yes, the Solarix LED Solar FloodLamp functions as a powerbank with a USB output, allowing you to charge smartphones and other small USB devices.

### How is the lamp charged?

The lamp can be charged using its integrated solar panel or via the included USB charging cable, ensuring flexibility for both off-grid and indoor use.

### Is this lamp suitable for outdoor use?

Yes, the lamp features a durable, weather-resistant design and bright LED output, making it ideal for outdoor activities such as camping, emergency situations, and work sites.

### What are the different lighting modes available?

The Solarix LED Solar FloodLamp has multiple lighting modes including work light, emergency light, service light, SOS mode, and full brightness, providing versatility for various tasks and scenarios.
