Specifications

Features:

The perfect match for your curved TV
The Curved Soundbar accentuates the beautiful curve of your Samsung TV with an elegant metal grill finish and outstandingly immersive sound that takes your viewing enjoying to the next level*.

Clear sound from 6 built-in speakers
The Soundbar was designed with 6 separate speakers, each with its own dedicated amplifier, to provide clear and accurate sound. Speaker configuration and alignment was engineered and tuned by the Samsung Audio Lab.

Build a surround sound system wirelessly
The Wireless Surround Kit lets you easily expand your surround sound system, and without the tangle of wires. Together with your Soundbar, you can create a 4.1 channel system for a true surround sound experience.

Stream your music service wirelessly with ease
The Soundbar lets you enjoy a variety of streaming music services with ease and high quality using the Samsung Multiroom app.

Use TV SoundConnect to link components
TV SoundConnect helps bring your home entertainment system together with your TV* with ease and without the clutter of wires. You'll be able to enjoy all your content instantly with clearer, more impactful sound.

Enhanced surround sound from a wider range of listening positions
Surround Sound Expansion expands the listening area sideways and up so it is more realistic and coming directly from the screen. Now you can enjoy great sound with truly immersive surround effects.

One app controls all your sound
Manage your Soundbar with the Samsung Audio Remote app on your mobile device.* You can connect using Bluetooth to

control all your key Soundbar functions and play your favourite song lists with ease.

Bluetooth® Power On
Now you can power on your audio system and control it from your smartphone with Bluetooth. After an initial pairing, you can quickly find the devices you want, wake them up, and stream your music.

Get real, with HD Audio
Feel the sound and get into the action with stunningly realistic HD Audio. It preserves the quality and richness of the original sound using 192 kHz/24-bit sampling.
