Specifications

Features:

Streamlined see-through design meets ultimate sound
Take your home theatre experience to the next level with 7.1 surround sound brining your movies to life. The four tallboy speakers can be moved around the room as you need, making your setup more flexible and effective. Greater flexibility for a better sound experience.

Enjoy more realistic sound
Experience more realistic and natural sound delivered by built-in Valve Amplifiers. The combination of valve and digital amplification delivers clearer and warmer tones for superior sound quality accompanying your favourite movies at home.

Play your music on various audio devices with Multiroom Link
Wouldn't it be nice to be able to control your music from anywhere in your house no matter which room you're in? Controlling and sharing one music source across multiple audio devices* in various locations is made easy with Multiroom Link. The mobile app remotely controls volume and music on your system across different devices*, including your TV, Soundbar, Home Entertainment System and Blu-ray Disc Player. Enjoy the audio you want, where you want it.

Watch life-like images like never before
Watch your favourite videos and films in ultra HD with the Samsung Blu-ray Disc Player. With life-like details that will make the images seem realistic, this player brings life right into your living room. Upscaled from full HD to ultra HD, it comes with four times the resolution of Full HD, giving perfect and crystal-clear picture. See detailed picture all day, every day.

Enjoy your music in studio sound quality
Get studio quality sound in your home. High definition Audio gets you closer to the original sound, reproducing the depth and detail of the audio track better than a CD. Listen to your favourite tracks in the sound quality as intended by the artist.

Wirelessly access your devices and the internet

With wireless LAN built in, you can use the internet and access apps without the adding external devices. Samsung BDPs come with DLNA content sharing capabilities that make streamlining connections between your home entertainment devices easier than ever before.

Experience the next level of Full HD 3D entertainment
Bring home a more immersive and spectacular 3D experience. With Full HD 3D, your 3D home entertainment will be more exciting and vivid than you ever imagined, with powerful features to maximise your enjoyment. Immerse your senses in the new reality of 3D HD.
