Specifications

Features:

Trigger Endless Ideas. Creativity on the Go
Featuring 5.5" large display, 1.6GHz high speed Quad Core processor and 2GB RAM, GALAXY Note II further strengthens the whole GALAXY Note series, offer you to search information at the speed of light and enjoy numerous multimedia contents. Through Multi Window, Air View, Pop Up Note, Pop Up Play, Pop Up Browser, Easy Clip and other latest features, creative ideas can be jotted down in a glimpse and expressed in an innovative way.

5.5"HD SUPER AMOLED Display
Slimmer, thinner and easier to use on a palm

Multi Window

Seamlessly complete multiple tasks without changing screens. Plus, you can swap contents between windows and resize them at anytime.

Pop Up Note, Pop Up Play and Pop Up Browser
Do multiple tasks easily on one wide screen, enhancing information interoperability. For instance, just pull out the S Pen while you are still talking and S Note will pop up for you to take notes instantly.

Air View
Hover the S Pen on applications such as emails, S Planner, gallery or video player, you can preview details of the content without having to switch to a new screen. Conveniently and quickly search your contents without having to open any applications, improving your work efficiency.

Easy Clip
Press and hold the S Pen button, instantly cut and paste any contents on the screen.

Idea Sketch
Press and hold the S Pen button, hover it over S Note layout and Idea Sketch then opens. Now you can scribble your notes and it will recognize and display that hand drawn pattern, lets you add corresponding pictures in S Note. Express and present your ideas in more innovative ways.

Quick Command
Press down on the button of the S Pen, swipe up and Quick Command then loads. Just write what you want to do in the preset texts or symbols, and easily launches into any relevant apps or features.

Photo Note
Click to go to the back of the photo, you can leave Photo Note with the S Pen just like you would with a physical photograph. Add personalized handwritten notes on the back to help to jot down unforgettable moments.

1.6GHz Quad Core Processor and 2GB RAM
Equipped with Android™ 4.1 Jelly Bean OS, let you have a smoother multi-tasking, ultrafast screen switching and unrestrained internet surfing experience. Running an application is faster than ever.

Strong 3,100mAh Battery Capacity
Delivers multimedia contents continuously and unleashes your creativity anywhere anytime.

Apps:

ChatON
ChatON supports various platforms, such as Android, bada, iOS, Windows mobile, web version, etc. Just loading contact details from address book and chat freely through ChatON even on PCs.
