

SP211SU

RICOH Mono A4 Multifunction Laser Printer, Print, Scan, Copy, 1200x600 dpi, USB

Product Overview

RICOH SP211SU Mono A4 Multifunction Laser Printer, MFP 3-1, Print, Scan, Copy, 1200 x 600 dpi, 22 ppm, Usb 2.0, Starter toner, Recommended 300 ppm, Duty cycle 20 000 pages

Specifications

Overview:

B&W All-In-One

A model of efficiency in design and function

The RICOH SP 211SU combines high productivity with ease of use in a compact package. A fast print speed, colour scanning and high speed G3 faxing enhance small/home office performance. The multi function series RICOH SP 211SU is extremely easy to operate via the user-friendly 4-line LCD panel and everything can be done from the front of the device. ID card copy is another time-saving feature allowing you to copy both sides of an ID card onto one side of paper. You can also send print data directly from a smart device such as a smartphone or tablet. To top it off, paperless fax reception, manual double-sided printing and a high-yield, all-in-one print cartridge reduce your overall costs.

- Space saving
- Fast: 22 pages per minute
- High resolution: Max 1200 dpi
- ID card copy & colour scanning
- Manual double-sided printing & PCL support

Features:

Compact enough to fit in small spaces

Thanks to its compact size, this printer can squeeze in anywhere, so you can get the most out of your office space. With its stylish design, it's the perfect fit for today's office decor.

Toner Save Mode cuts printing costs

Toner Save Mode is an effective way to keep printing costs down by printing with less toner than usual. This is convenient when printouts are needed for internal viewing only.

Streamlined paper path keeps jobs printing smoothly

Thanks to Ricoh's advanced MFP technology, this printer has a streamlined paper path that reduces strain on the paper and minimizing paper jams.

Front-opening design makes it easy to replenish paper and perform other everyday operations

This printer is designed to open from the front for toner replacement and paper replenishment. In the unlikely event of a paper jam, you simply open the front panel and remove the jammed paper by hand. Even if the jam is at the back, opening and closing the panel causes the paper to be discharged automatically.

Specifications	
Product Code	SP211SU
PRINTER	
Type	Desktop
Print speed	Up to 22 ppm
First Print Speed	Less than 6 sec (from paper-feed-start to paper-ejection)
Warm-up Time	Less than 25 sec
Printing resolution	Max: 1200 dpi
Duplex	Manual
Dimensions (WxDxH)	402 x 360 x 252 mm
Weight	Less than 9.9kg
Input capacity	Standard: 150 sheets
	Bypass: 1 sheet
Output capacity	Standard: 50 sheets(face down, 70 g/m)
	Bypass: 1 sheet (face-up, straight paper path)
Paper size	Standard: A4, Letter, Half letter, B5 (ISO), A5, B6, A6, Executive, 16K, Legal
	Bypass: Width 100mm to 216mm, Length 148mm to 356mm
Media type	Standard/ Bypass: Plain Paper, Recycled Paper
Paper weight	Standard: 60 - 105g/m
	ADF: 52 - 105g/m
Power source	220 - 240V, 50/60Hz
CONTROLLER	
RAM	128MB
PDL	GDI
Host interface	High-Speed USB2.0
