Buy now and experience the precision engineering designed in Denmark today.

Performance tier:Mid-Range Wireless Gaming Mouse

Uses:Competitive gaming, esports tournaments, daily computing, mobile gaming, console play

Overview:

Rival 3 Wireless Gen 2 - Lavender Overview:

The SteelSeries Rival 3 Wireless Gen 2 in Lavender represents a significant step forward for gamers seeking speed and precision without the clutter of cables. Designed with a symmetrical right-hand shape, this mouse is engineered to support claw and fingertip grip styles, ensuring comfort during extended gaming sessions or competitive play. Whether you are engaging in fast-paced shooters or strategy games, the combination of Quantum 2.0 Dual Wireless technology and a high-performance sensor ensures that your every move is translated instantly and accurately on screen.

Description:

This lightweight wireless gaming mouse delivers top-tier performance with its TrueMove Air optical sensor capable of up to 18,000 DPI for true 1-to-1 tracking. The dual connectivity options allow you to switch seamlessly between a high-speed 2.4GHz USB dongle connection and Bluetooth mode for multi-device setups. Built for longevity, it features mechanical switches rated for an impressive 60 million clicks and is finished with 100% PTFE feet for smooth gliding on any surface.

Features:

- Quantum 2.0 Dual Wireless technology supporting both 2.4GHz USB dongle and Bluetooth connections
- TrueMove Air optical sensor with up to 18,000 DPI for precise tracking at speeds of 400 IPS

ComX Computers

Product Specification Sheet

- Ultra-durable mechanical switches guaranteed for 60 million clicks with split-trigger click design
- Extended battery life offering up to 175 hours on 2.4GHz or 450 hours in Bluetooth mode
- Customizable weight system using standard AAA batteries, allowing users to remove one battery to reduce weight by 10 grams
- Premium 100% PTFE feet ensuring effortless glide and stopping power
- Symmetrical design optimized for claw or fingertip grip styles

The Rival 3 Wireless Gen 2, identified by part number 62525, is built to withstand intense use. The core construction utilizes high-grade ABS plastic paired with an extra-strong polymer that protects the device from daily wear and tear. Users can adjust settings such as sensitivity, polling rate, and button mappings directly through the mouse or via the SteelSeries GG software on Windows 10 and newer systems. These adjustments are automatically saved to onboard memory, ensuring your preferences remain consistent across different setups.

Battery and Connectivity

Powering this device is a flexible battery system that accommodates two standard AAA alkaline batteries for maximum runtime or a single AAA battery when weight reduction is the priority. The mouse also supports rechargeable AAA options, offering an environmentally friendly alternative. On the connectivity front, the inclusion of Wireless Stability Enhancement and Bluetooth Smoothing ensures a lag-free experience whether you are playing on a PC, Xbox Series X|S, PlayStation 5, Android device, or iOS platform.

Sensor Performance and Customization

The heart of this mouse is the TrueMove Air sensor which provides true 1-to-1 tracking without acceleration or smoothing. The default DPI levels are indicated by distinct LED colors to provide instant visual feedback: 400 DPI (Magenta), 800 DPI (Cyan), 1600 DPI (Green), 2400 DPI (Yellow), and 3200 DPI (Red). This level of detail allows players to fine-tune their sensitivity on the fly without needing to access software menus during a match.

Physical Specifications

- Shape: Symmetrical right-hand design
- Grip Style: Best suited for claw or fingertip grip (palm grip also possible)
- Total Buttons: 6 programmable buttons
- Weight: 106 grams with two batteries, 95 grams with one battery, and 83.5 grams without batteries
- Dimensions: Length of 120.61 mm (4.74 in), Width of 67.05 mm (2.639 in), Height of 38 mm (1.5 in)

What's in the box

- Rival 3 Gen 2 Wireless Gaming Mouse
- Rival 3 Wireless Dongle
- Product Information Guide
- Two AAA Alkaline Batteries

FAQ

What grip styles are best suited for the Rival 3 Wireless Gen 2?

The symmetrical design is optimized for claw and fingertip grips, though palm grip users can also use it; however, those preferring a dedicated palm grip may find more comfort in the Aerox 5 Wireless.

How long does the battery last on a single charge or set of batteries?

You get up to 175 hours of battery life using two AAA Alkaline batteries, which extends to 450 hours when connected via Bluetooth. You can also run the mouse with just one AAA battery to save weight.

Is this mouse compatible with consoles like Xbox or PlayStation?

Yes, it works seamlessly with Windows, Xbox Series X and S, PlayStation 5, Android, iOS, and Mac devices for general use.

What wireless connection options are available for this model?

The Rival 3 Wireless Gen 2 features Quantum 2.0 Dual Wireless technology, allowing you to switch between a fast 2.4GHz USB dongle connection or standard Bluetooth mode to connect with different devices.

What is the durability rating and click mechanism of this mouse?

The mouse uses precision-engineered mechanical switches tested for 60 million clicks and features a split-trigger design to
