Featuring a USB Type-C interface with USB 3.0 compatibility, bus powered operation, and resistance to drops, crushing, dust and rain, it is ideal for transporting and protecting valuable data wherever you work. Buy now from our website for dependable portable storage with quick delivery in South Africa.

Overview Summary

LaCie Rugged 4TB USB Type-C Portable External Hard Drive

The LaCie STFR4000800 Rugged portable external hard drive is designed for users who need dependable storage while working on location or travelling. Its iconic rugged enclosure helps protect the drive from accidental drops, crushing pressure, dust and rain, making it suitable for demanding environments while maintaining excellent portability.

ComX Computers

Product Specification Sheet

With 4TB of storage capacity and USB Type-C connectivity that is fully compatible with USB 3.0 systems, the drive delivers transfer speeds of up to 130MB/s while remaining bus powered for convenient operation without an external power supply. It works with both Windows and Mac computers, making it an excellent choice for backups, media libraries, project files and everyday portable storage.

Performance tier: Professional portable HDD

Uses: File backup, photography storage, video editing workflows, business data, portable media library, travel storage, document archiving

Description

The LaCie STFR4000800 is built for users who regularly transport valuable files between locations. Its rugged enclosure provides additional protection against everyday hazards including accidental drops, crushing pressure, dust exposure and rain, making it well suited to photographers, videographers, creative professionals and business users.

The drive connects through a modern USB Type-C interface while remaining compatible with USB 3.0 systems for broad compatibility with desktop and laptop computers. Bus powered operation eliminates the need for an external power adapter, allowing quick setup wherever you work. With 4TB of storage space, it offers ample capacity for large photo collections, video footage, project files, backups and important documents.

Software based encryption support helps protect sensitive data, while transfer speeds of up to 130MB/s provide efficient copying and backup performance for everyday professional workloads.

Features

The LaCie Rugged series is designed to provide dependable portable storage with enhanced durability for users working in demanding environments.

- 4TB storage capacity
- USB Type-C interface
- Compatible with USB 3.0 systems
- Maximum transfer speeds up to 130MB/s
- Bus powered operation
- Drop resistant up to 1.2m
- Crush resistant up to 1 ton
- Dust resistant design
- Rain resistant enclosure
- Software based encryption support
- Compatible with Windows and Mac systems
- Compact portable 2.5 inch form factor

Fierce Barracuda Dependability

The LaCie Rugged family features Seagate(RegTM) Barracuda(RegTM) drives for best-in-class reliability and performance. Multi-Tier Caching Technology(TM) (MTC) helps improve application load time, and 20 years of industry-leading manufacturing expertise means your data is safer in the field.

Rugged Thunderbolt USB-C

Legendary Rugged toughness meets USB-C compatibility, blazing-fast Thunderbolt(TM) speeds, and optional SSD performance of up to 510MB/s* (130MB/s with the HDD version). Thanks to USB-C, you can connect to both USB 3.0-compatible computers as well as to USB-C (and Thunderbolt 3) ones. This Rugged drive also features an integrated Thunderbolt cable and IP54-rated resistance to the elements, helping to ensure that you never have to compromise between durability, compatibility, and speed.

Product Specification Sheet

Rugged RAID

The LaCie Rugged RAID is the field-proven way to safely carry or capture a massive amount of data. Adapting to your needs for performance or complete data security, this Rugged storage lets you choose hardware RAID 0 for up to 240MB/s speeds* or RAID 1 for excellent data protection. Either way, your data is safe from water, dust, drops, and crushing.

Rugged USB-C

This drive marries legendary Rugged durability with a cutting-edge USB-C port for compatibility with next-generation computers like the latest Apple(RegTM) Macbook(RegTM). Beyond being rain, drop, and crush resistant, the LaCie Rugged USB-C is also backwards compatible with USB 3.0 and USB 2.0.

Rugged Mini

With capacities up to 4TB, the LaCie Rugged Mini is the perfect choice when you want to securely carry tons of files and access them from USB 3.0 computers. Its compact size makes it easy to slip into a backpack, purse, or laptop case.

Rugged Triple

When you need to securely carry a media library and access it from FireWire 800 or USB 3.0 computers, opt for the LaCie Rugged Triple. With dual FireWire ports, you can daisy chain other peripherals to your computer. This Rugged drive is also among the toughest in its family with a 6.6-foot (5-meter) drop resistance.

What's in the Box

- LaCie STFR4000800 Rugged 4TB Portable External Hard Drive
- USB Type-C cable
- Quick start documentation
