

STLG16000400

Seagate LaCie 2Big Dock 16TB Thunderbolt 3 external Drive

Product Overview

Seagate LaCie 2Big Dock 16TB Thunderbolt 3 external Drive, Dual Thunderbolt 3 & DisplayPort Ports for 2x4k or 1x 8K displays, RAID, USB3.2, Up to 550 MB/s Maximum speed (RAID 0), 2x Thunderbolt (Up to 40 Gb/s), 2x 7200 rpm Seagate Ironwolf Pro Enterprise-Class hard drives, STGB16000400

Specifications

Features:

Store. Dock. Streamline.

Whether you're a seasoned creative pro or just getting started, the LaCie 2big family has something for everyone: a docking solution with an array of helpful ports and card slots; hardware RAID 0/1 for controlling speed, capacity, or data redundancy; huge capacity for archiving; smooth USB-C and Thunderbolt 4 speeds; Rescue Data Recovery services for long-term peace of mind; and enterprise-class drives dishing out intense performance so you can do what you do - better.

Great innovation is often

Great innovation is often born from great challenge. So when modern USB-C laptops eliminated many of the ports and slots crucial to the creative process, we went straight to the drawing board. The result is 2big Dock Thunderbolt 4 - a solution that gives back everything you need for a streamlined workflow.

- USB 3.2 Gen2 Hub - Via the front-facing hub, charge your phone or connect a shuttle drive or camera to offload footage and files.
- Dual Thunderbolt Ports - Daisy chain up to five additional Thunderbolt devices or one USB-C device.
- CFexpress Type B, CFAST 2.0, and SD Card Slots - Directly ingest files from your camera, drone and other devices with the front-facing advanced memory card slots.
- DisplayPort 1.4 - Connect an 8K (30 Hz) or 4K (120 Hz) monitor via the DisplayPort.

Thunderbolt 2 Ready.

Using an older-gen Thunderbolt 2 Mac computer? You can still tap into the intense speeds of 2big Dock by using the Apple Thunderbolt (USB-C) to Thunderbolt 2 Adapter.

Fierce Internal Hard Drives.

IronWolf Pro enterprise-class drives live inside our latest-gen 2big solutions - and they're the secret ingredient to sprinting past goals and deadlines. Supporting up to 300 TB/year workloads, they're specifically designed for RAID and high-speed 7,200 RPM performance, delivering smooth power management, massive capacity, and 24x7 reliability.

Works with iPad USB-C

ComX Computers

Product Specification Sheet

Bring extra storage to your Apple iPad USB-C. Simply connect your LaCie drive to iPads USB-C port and enjoy increased capacity. Plus, when connecting with the 2big Dock, it will power your iPad USB-C and you get all the benefits of its docking station - USB 3.2 Gen 2 Type A port, CFeXpress Type B card reader, CFeXpress 2.0 card reader, SD card reader, and even connect your monitors.

We've Got Your Back

When the unexpected happens - like water damage or natural disaster - Rescue Services help you defend against data loss and retrieval costs, so you can rest easier.

Specifications	
Product Code	STLG16000400
Hardware RAID 0, 1, JBOD	?
LaCie RAID Manager	?
4K footage stored (RAID 0)	Over 1,000 hrs
Max Speed (RAID 0)	Up to 550 MB/s
Docking capabilities	?
Interface	2 x Thunderbolt (up to 40 Gb/s)
Thunderbolt compatibility	Thunderbolt 4, Thunderbolt 3, and Thunderbolt 2 (with Apple adapter, sold separately)
Daisy chain	?
USB compatibility	USB4, USB 3.2, USB 3.0
Seagate IronWolf Pro Enterprise-Class Drives	?
Internal Storage Media	2big Dock Thunderbolt 3 and 2big RAID:
	2 x 7,200 RPM Seagate IronWolf Pro enterprise-class hard drives
	Compatibility list
Interface Transfer Rates	Thunderbolt 3: 40 Gb/s
	USB-C: 5 Gb/s
	USB 3.0: 5 Gb/s
RAID	Preconfigured HFS+ RAID 0
	Hardware RAID 0 / 1 / JBOD
Security	Kensington lock compatible
Cooling	Aluminium enclosure with improved internal heat dissipation
	?Thermoregulated Noctua? cooling fan: effective and whisper-quiet cooling
