Product Overview

Philips 100 Series 3.0m 2RCA - 2RCA Stereo Audio Cable. Depend on this cable to provide you with a reliable audio connection between components.

Specifications

About this product

The Philips 100 Series 3.0m 2RCA - 2RCA Stereo Audio Cable provides a dependable analogue stereo audio connection between compatible devices. Its 3.0m cable length offers flexible installation while the standard 2RCA male to 2RCA male connectors ensure broad compatibility with amplifiers, receivers, televisions, DVD players, CD players and other audio equipment. Buy this Philips stereo audio cable online today for reliable audio performance and quick delivery in South Africa.

Overview Summary

Philips 100 Series 3.0m 2RCA - 2RCA Stereo Audio Cable

The Philips 100 Series Stereo Audio Cable is designed to provide a reliable analogue stereo audio connection between compatible entertainment and audio components. Featuring standard 2RCA male connectors on both ends, it is suitable for connecting a wide range of home audio and video equipment.

The generous 3.0m cable length provides additional flexibility when positioning equipment while maintaining a stable connection. Built for everyday use, this cable is ideal for home entertainment systems, amplifiers, televisions, CD players, DVD players and other RCA-equipped devices.

Performance tier:Entry-level

Uses:Connecting amplifiers, receivers, televisions, DVD players, CD players, stereo systems, powered speakers, analogue audio equipment

Description

The Philips 100 Series 3.0m 2RCA - 2RCA Stereo Audio Cable is designed for dependable analogue audio signal transmission between compatible audio and entertainment devices. It uses industry standard RCA connectors that make it suitable for a wide variety of equipment commonly found in home entertainment systems.

ComX Computers

Product Specification Sheet

The 3.0m cable length provides greater flexibility when installing or rearranging equipment without requiring devices to be positioned closely together. This makes it suitable for connecting receivers, amplifiers, televisions, CD players, DVD players, media players and powered speakers that support analogue RCA audio connections.

Manufactured by Philips, this cable is intended for everyday audio connectivity where consistent signal transfer and reliable performance are required. It is a practical accessory for home entertainment systems, audio upgrades and replacement cable requirements.

Features

The Philips 100 Series Stereo Audio Cable is designed for reliable analogue audio connectivity between compatible devices.

- 2RCA male to 2RCA male stereo audio cable
- 3.0m cable length for flexible installation
- Suitable for analogue stereo audio transmission
- Compatible with a wide range of RCA-equipped audio devices
- Ideal for home entertainment systems
- Reliable connection between audio components
- Designed by Philips for everyday use

Ensure A Reliable Connection

Depend on this Cable to provide you with a reliable Audio connection between components

Nickel-Plated Connectors For Reliable Contact

Nickel-Plated connectors establish a clean contact between the Cable and connector for a reliable connection

High-Purity Copper Conductor for Reliable Signal Transfer

This Copper conductor provides high accuracy in signal transfer with minimal resistance

Bare Copper Shielding

Bare Copper Shielding protects against signal loss

Color coded connectors for instant recognition

Color coded connections make it easy to install your cable into the correct inputs and outputs

Non-slip ergonomic grip for easy use

This non-slip grip makes connecting your components easy and ergonomically comfortable.

Molded plug for secure connections

Molded plugs ensure secure connections between components and offer extended durability.

Flexible PVC jacket

Flexible PVC jacket provided protection to the delicate core of the cable. It also offers extended durability and ease of installation.

Rubber strain relief

Rubber strain relief provides a secure, yet flexible juncture between the cable and the plug.
