Specifications

Overview summary:

The Switched 3W GU10 Rechargeable Fast Charge LED Downlight is a smart lighting solution for power outages, offering up to 6 hours of emergency lighting depending on the brightness mode. Designed for indoor GU10 downlight holders, it delivers warm white light and energy efficiency during grid and loadshedding conditions.

With fast charging, digital dimming across three brightness levels, and auto-dimming during use, this LED bulb offers both functionality and convenience. A perfect replacement for traditional GU10 bulbs in homes and offices.
