

# T46S1

Epson Singlepack Photo Black T46S1 UltraChrome Pro 10 Ink 25ml

## Product Overview

Epson Singlepack Photo Black T46S1 UltraChrome Pro 10 Ink 25ml, Compatible with --> SureColor SC-P700 Printer

## Specifications

### Overview Summary:

Epson T46S1 Photo Black ink cartridge is designed for photographers and creatives who demand deep, consistent black tones and precise detail reproduction. Built for the Epson SureColor SC-P700, this 25ml UltraChrome Pro 10 ink ensures smooth tonal transitions and professional-grade output for photo and fine art printing.

Ideal for both studio and home printing environments in South Africa, this ink cartridge delivers reliable performance for high-resolution images and gallery-quality results. Order online today and maintain the integrity of your prints with consistent, long-lasting colour accuracy.

**Performance tier:**Professional / High-end Photo Ink

**Uses:**Photo printing, fine art printing, professional image production, gallery prints, print proofing

### Overview:

#### Epson T46S1 Photo Black Ink Cartridge for SureColor SC-P700

The Epson Singlepack Photo Black T46S1 UltraChrome Pro 10 Ink is designed to deliver exceptional tonal depth and precision for professional photo printing. With a 25ml capacity, this pigment-based ink is engineered for consistent, high-quality output and is fully compatible with the Epson SureColor SC-P700 printer, making it a reliable choice for photographers and print professionals who require stable colour accuracy and smooth gradient reproduction.

### Description:

The Epson T46S1 Photo Black ink cartridge is part of the UltraChrome Pro 10 ink system, developed to produce deep blacks, refined shadow detail, and enhanced contrast in photographic prints. It supports smooth tonal transitions, helping to achieve gallery-quality results on a wide range of media types. The formulation is optimised for longevity and colour stability, ensuring prints maintain their visual integrity over time when used under appropriate conditions.

**Features:****Compatibility and Printer Integration**

This cartridge is specifically designed for use with the Epson SureColor SC-P700 printer, ensuring seamless installation and consistent ink delivery. The integration between ink system and printer hardware supports accurate droplet placement and reduces variation in print output.

The Epson T46S1 SKU T46S1 is engineered to work as part of a complete 10-colour ink set, contributing to balanced grayscale reproduction and precise photographic rendering.

**Print Performance and Colour Output**

The UltraChrome Pro 10 ink system is known for its ability to deliver smooth gradations and deep tonal range. The Photo Black formulation plays a key role in achieving rich blacks and detailed shadow areas, particularly important for monochrome photography and high-contrast colour prints.

Key print advantages include:

- Improved black density for deeper image depth
- Smooth tonal transitions across shadows and midtones
- High level of detail retention in dark areas
- Consistent output across different media types

**Technical and Product Details**

Product specifications for Epson T46S1:

- Product type: Ink cartridge
- Ink colour: Photo Black
- Ink system: UltraChrome Pro 10
- Capacity: 25ml
- Printer compatibility: Epson SureColor SC-P700
- SKU: T46S1

**Application and Use Case Suitability**

This ink cartridge is suited for professional photography, fine art printing, and high-end graphic reproduction. It is particularly effective for black-and-white imagery, where tonal accuracy and depth are essential. The pigment-based formulation supports reliable output across matte and glossy media, depending on print settings and media selection.

The Epson Singlepack Photo Black T46S1 is designed for users who require consistent quality and precise control over print output, especially in environments where colour fidelity and detail reproduction are critical.
