Lexmark T650, T652, T654 High Yield Return Program Print Cartridge for Label Applications (25K), T650dn / T650dtn / T650n / T652dn / T652dtn / T652n / T654dn / T654dtn / T654n / T656dne

Specifications

Features:

High Yield

A smart value. Change cartridges less, save more per print, and reduce your environmental footprint.

Technology

Outstanding results page after page, year after year. Superior Lexmark design means precision pairing between printer and cartridge for value, quality and environmental responsibility you can count on.

Lexmark Cartridge Collection Programme

Going green has never been easier. Recycle all your used Lexmark supplies by letting us take care of the details. It's simple, smart and always free.

Lexmark Return Programme Cartridges

Lexmark Return Programme cartridges are patented print cartridges sold at a discount in exchange for the customer's agreement to the license requirement that the cartridges will be used only once and returned only to Lexmark for remanufacturing and/or recycling. The Return Programme cartridges are licensed for single use only and are designed to stop working after the delivery of a fixed amount of toner. A variable amount of toner will remain in the cartridge when replacement is required. In addition, the cartridge is designed to automatically update the memory in your printer to protect against the introduction of counterfeit and/or unauthorised third-party cartridges. If the customer does not accept these terms, replacement cartridges sold without these terms are available through www.lexmark.com.

Label Applications

Includes oiled fuser wiper for extensive label printing.
