and deep bass. Its wireless active subwoofer provides impactful low frequencies without adding cable clutter, while customizable treble and bass controls let you tailor the listening experience. Multiple equalizer modes ensure optimized sound whether you are watching movies, listening to music, enjoying sports, or following dialogue-heavy content. With HDMI ARC, Bluetooth 5.4, USB playback, and wall-mount support, the TAB5500 is an excellent solution for modern living spaces.

Features:

Powerful Audio Performance

Designed to bring greater depth and clarity to your audio, the Philips TAB5500 combines dual full-range front speakers with a dedicated wireless subwoofer. Whether you are watching blockbuster films or streaming your favourite playlists, the system produces room-filling sound with enhanced bass response.

The integrated sound controls allow you to fine-tune audio according to your preferences, while preset listening modes automatically optimize sound for different types of entertainment.

Audio Highlights

- 2.1 channel speaker configuration
- Up to 260W maximum output
- 130W RMS speaker output
- Active wireless subwoofer
- Single 6.5 cm woofer
- Dual full-range front drivers
