About this product

The TP-Link Tapo C660 Solar-Powered Security Camera Kit combines high-resolution 4K monitoring with smart AI detection and full-colour night vision. Featuring a 4mm lens, built-in spotlights, IR LEDs up to 12m, two-way audio, and a rechargeable 10000 mAh battery, this camera ensures reliable outdoor security with real-time alerts and multiple detection modes for people, pets, and vehicles.

Overview Summary

Product:TP-Link Tapo C660 Solar-Powered Security Camera Kit

The Tapo C660 offers 4K 8MP resolution with a 4mm lens and live view capabilities, providing clear and detailed surveillance. Full-colour night vision combined with 2 built-in spotlights ensures accurate monitoring even in low-light conditions. Advanced AI detection identifies motion, persons, pets, and vehicles while reducing false alerts.

Equipped with two-way audio, a built-in microphone, and speaker with noise cancellation, the camera allows real-time communication. The integrated 10000 mAh rechargeable battery and solar panel support long-term, eco-friendly operation without frequent charging.

Performance tier:Premium

Uses:Home security, business surveillance, outdoor monitoring, property protection, perimeter security

Description

The TP-Link Tapo C660 Solar-Powered Security Camera Kit is designed for comprehensive outdoor monitoring. Its 4K 8MP camera captures high-quality footage at 15 or 20 fps while the 4mm lens provides a wide coverage area. Full-colour night vision and 2 built-in spotlights ensure clarity even in low light conditions. Motion detection with AI-based person, pet, and vehicle recognition minimizes false alerts, keeping you informed of important activity. The camera also features a built-in microphone and speaker for clear two-way audio communication, allowing you to interact with visitors or deter intruders in real time. With Wi-Fi connectivity and a rechargeable 10000 mAh battery supported by a Tapo A201 solar panel, installation is flexible and eco-friendly.

Features

- 4K 8MP resolution with 3840x2160 PX video quality
- Full-colour night vision with IR LEDs up to 12m
- Two built-in spotlights for enhanced night visibility

ComX Computers

Product Specification Sheet

- AI-based motion detection including person, pet, and vehicle detection
- Two-way audio with built-in microphone and speaker, noise cancellation
- Single ambient light sensor for optimized exposure
- Supports MicroSD card slot for local storage
- Wi-Fi connectivity for remote live view via mobile app
- Rechargeable 10000 mAh lithium-ion battery with solar panel support
- 3DNR and WDR technology for improved video clarity in all lighting conditions

4K Ultimate View, Sharper and Farther

Tapo 4K cameras deliver sharper, more detailed live views, making them perfect for capturing finer details like license plates, lush lawns, and moving pets.

Detailed and Colorful, Even at Night

Enjoy colorful images in low-light conditions with spotlights and a starlight sensor.

Accurate AI Detection

Smart AI identifies people, pets, and vehicles while only sending you alerts when truly needed. Enhance person detection accuracy to 96%, reducing false alerts mistaking person-shape objects for people.

360degrees AI Tracking

The camera scans 360degrees and records videos following the set schedule, or cruises among custom points at different times.

Upgraded Patrol Mode*

The camera scans 360degrees and records videos following the set schedule, or cruises among custom points at different times.

Enjoy 24/7 Continuous Capture in Ultimate 4K Clarity

Breaking the boundaries of typical battery-powered cameras, the camera enables 24/7 continuous recording in stunning 4K Ultra HD, all without relying on DC power.

Faster Connection with 5 GHz

Connect the camera to 5 GHz for faster speed or 2.4 GHz for longer distance. Enjoy better connectivity to watch lag-free 4K live views.

Powerful Defense with Sound and Light Alarm

Scare off intruders with sound and light alarm. You can customize the alarm to fit your needs.

Secure Local Storage

Up to 512GB of free local storage equals 379 hours (about 16 full days) of 4K video storage. Secure your microSD card† with a password through the Tapo app for enhanced privacy protection.

Tapo Care Cloud Service

Receive rich notifications with snapshots, encrypted protection, data backups, and 30-day video clip history with Tapo Care‡ cloud services.

Unified Video Management

Enjoy up to 16TB local storage and face management with Tapo H500.

Engineered for Weather Resistance

Rain or shine, Tapo C660 KIT is always ready. With an IP65 rating, it can withstand even the hardest weather conditions.

Create Custom Activity Zones

Custom detection zones for different detection types to receive alerts for most important areas.

Two-Way Audio

Communicate directly with the outdoors for your convenience.

Voice-Activated View

Works with Amazon Alexa and Google Home for hands-free automation.

What's in the Box

- TP-Link Tapo C660 Solar-Powered Security Camera
- Tapo A201 Solar Panel
- Mounting bracket and screws
- MicroSD card slot ready (card not included)
- User manual and warranty documentation

Specifications	
Product Code	TAPO-C660-KIT
CAMERA	
Image Sensor	1/2.7" Progressive Scan CMOS Starlight Sensor
Lens	Focal Length: 4.0 mm
	Aperture: F1.6
	Field of View: 105degrees (Diagonal), 88degrees(Horizontal), 45degrees(Vertical)
Night Vision	850 nm IR LED (40 ft / 12 m)
	Full-Color Night Vision
Lighting	2x Built-in Spotlights
Interface & Button	1 x power button
	1 x reset button
	1 x MicroSD Card Slot
Pan/Tilt Range	Pan Mechanical Range:326degrees (360degrees Pan Coverage)
	Tilt Mechanical Range: 45degrees (90degrees Tilt Coverage)
SOLAR PANEL	
Connection Capacity	A solar panel can only connect to one camera.
Output Port	Type-C
VIDEO & AUDIO	
Maximum Resolution	4K 8MP (3840 x 2160 px)
Frame Rate	15/20 fps

Product Specification Sheet

Digital Zoom	18
Live View	YES
Image Enhancement	3DNR
	WDR
Audio Input & Output	Built-in Microphone and Speaker
Audio Communication	Two-Way Audio with Noise Cancellation
Siren Volume	93.3dB (Level measured at 4inch/10cm distance)
STORAGE	
Local Storage	MicroSD Card Slot on Camera (Up to 512 GB, microSD card not included)
Cloud Storage	Tapo Care Cloud Storage Services (Subscription required)
DETECTION and NOTIFICATIONS	
Sensor	Single Motion Sensor
	Single Ambient Light Sensors
AI Detection	Motion Detection
	Person Detection
	Pet Detection
	Vehicle Detection
Activity Zones	Yes
Output Notification	System Notification
	System Notification with Snapshot (Tapo Care Services)
NETWORK	
Network Connectivity	Connect via Wi-Fi
Wireless Connectivity	IEEE 802.11a/b/g/n, 2.4 GHz/5 GHz Wi-Fi
SECURITY	
Security	AES Encryption with SSL/TLS
	WPA/WPA2-PSK
POWER	
Power Source	10000 mAh Built-in Rechargeable Lithium-ion Battery
	Solar Panel: Tapo A201
Input Voltage	Adapter Input: 100-240 V, 50/60 Hz
	(Not include)
Output Voltage	Adapter Output: 5.0 V, 2.0 A (Not include)
	Solar Panel Max Charging Voltage: 5.2 V
	Solar Panel Max Charging Power: 2.5 W
GENERAL	
Smart Integration	Google Assistant, Amazon Alexa
Weather Resistance	IP65 for both camera and solar panel

FAQ

Does the TP-Link Tapo C660 support full-colour night vision?

Yes, the Tapo C660 provides full-colour night vision using built-in IR LEDs and dual spotlights, ensuring clear footage even in low-light conditions.

Can I communicate through the camera remotely?

Yes, it features a built-in microphone and speaker with two-way audio and noise cancellation for clear communication via the mobile app.

What types of detection does the camera support?

The camera supports motion detection and AI-based recognition for people, pets, and vehicles to minimize false alerts.

How is the camera powered?

The Tapo C660 has a 10000 mAh rechargeable lithium-ion battery and supports continuous charging via the Tapo A201 solar

ComX Computers

Product Specification Sheet

panel for outdoor use.

Does it support local storage?

Yes, it includes a MicroSD card slot for local recording of surveillance footage (MicroSD card not included).
