Whether youre looking for a traveling or work companion, the 15" Newport Ultra Slim Backpack fits the bill. It wouldnt be out of place strolling down brownstone-lined streets or beach neighborhoods, and doubles as a small backpack for your work accessories.

Designed to fit slim laptops or tablets, it offers enough room for your everyday essentials. With its front and back quick-access pockets, tuck away shoulder straps that convert the backpack to a handheld tote, this slim, sleek case is the perfect pack for those constantly on the go.

To accommodate different carrying preferences, padded adjustable shoulder straps and a top handle have also been added for extra convenience in day-to-day commuting or no-frills short getaways. For those that frequently travel for work or simply need a handy bag for a leisure getaway, it can easily be attached to rolling luggage with a luggage strap for a weightless carry.

Protect Your Assets

A cradle for your laptop or tablet keeps your device snug in your pack. And on top of the easily accessible front zippered pocket, the Newport Ultra Slim Backpack includes a hidden back panel pocket to safekeep important and private articles.

Transforms for Your Environment

When taking public transportation, the backpack can be held by the top handle to free up space and for an extra sense of security. On the other hand, while exploring the sights of a new city or when walking on the street, carry the backpack on your shoulders to free your hands up for selfies and coffee. But if youre looking for a tote to complete your style, simply tuck the backpacks shoulder straps away.

Fashion-Forward and Durable

To uphold the integrity of the contents within the Ultra Slim Backpack, a combination of high-density water-repellent twill nylon and leatherette accents have been selected as the core materials of the bag. Even during rough weather, users can still run errands at ease and in style.
