The Bottle: Reborn
This bag was designed with the environment in mind. By using GRS-certified recycled materials, 8 plastic bottles were kept out of our waterways and landfills, shredded into small flakes, re-polymerised into plastic chips, then heated and spun into yarn that was woven, and sewn into the fabric of this EcoSmart bag.

Expanding Capacity
Lightweight and sleek, the MultiFit range is designed to adapt to fit your tech. The innovative neoprene-like material can stretch to fit screens up to 14" in size, allowing you to keep your devices protected with ease.
