TE-S105

Tenda S105 5-Port Fast Ethernet Switch

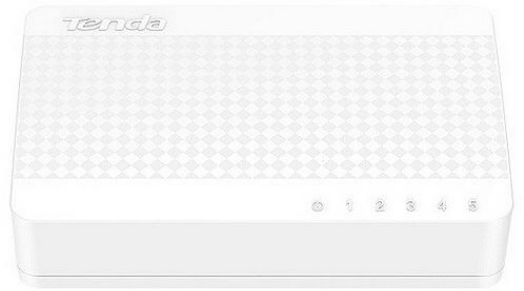

Product Overview

Tenda S105 5-Port Fast Ethernet Switch, 5x 10/100 ethernet ports

Specifications

Overview Summary:

The Tenda S105 5-Port Fast Ethernet Switch is a reliable and compact solution for expanding your home or office network. With five 10/100 Mbps RJ45 ports, it allows multiple devices to connect seamlessly, offering fast and stable Internet access. Its plug-and-play design makes setup effortless-just connect your devices and enjoy uninterrupted connectivity. Shop now to enhance your network performance with minimal effort.

Ideal for home offices, small offices, and dorm rooms, the Tenda S105 supports desktop or wall mounting and works with computers, smart TVs, printers, NAS devices, IP cameras, and gaming consoles. Buy now to streamline your network setup and ensure reliable connectivity for all your devices.

Performance tier: Entry-level / Small office

Uses: Expanding network connectivity, connecting computers, smart TVs, printers, NAS devices, IP cameras, gaming consoles

Overview:

Tenda S105 5-Port Ethernet Switch for Home and Office Networks
The Tenda S105 5-Port Fast Ethernet Switch is a reliable and compact solution for expanding wired networks at home, in offices, or dormitories. With its ultra-compact design and plug-and-play functionality, it provides fast and stable Internet access while keeping setup simple for all users.

Description:

Tenda S105 offers five 10/100 Mbps auto-negotiation ports that deliver speeds up to 200 Mbps. It supports desktop and wall mounting, making it easy to place anywhere. Compatible with computers, smart TVs, printers, NAS devices, IP cameras, and gaming consoles, this switch ensures smooth and uninterrupted network performance for small offices and home setups.

Features:

Compact Design and Flexible Installation
The S105's small dome-shaped design allows it to blend seamlessly into any room or office environment. Its lightweight and portable design make it easy to move, while the option for wall mounting or desktop placement adds convenience.

Easy Setup with Plug-and-Play
No configuration is required. Simply connect the Ethernet cables, and the switch starts working immediately. This makes it ideal for both tech enthusiasts and first-time users who want fast network access without time-consuming setup.

Reliable High-Speed Networking
Equipped with store-and-forward forwarding mode, MAC address auto-learning, and auto-aging, the Tenda S105 ensures stable data transfer over long distances. This reduces packet loss and delivers blazing-fast, reliable connectivity for all connected devices.

Perfect for Small Offices and Home Networks
Whether you need to expand your network for a small office, home entertainment, or gaming, the Tenda S105 delivers cost-effective and efficient performance. Its five RJ45 ports support full and half-duplex modes and are fully compliant with IEEE802.3, IEEE802.3u, and IEEE802.3X standards.

Key Highlights

- 5 x 10/100 Mbps RJ45 ports for fast network connectivity
- LED indicators for quick connection status check
- Supports full duplex and half duplex transmission

- Auto-learning and aging of MAC addresses for efficient traffic management
- Plug-and-play operation without any configuration
- Compatible with IP cameras, smart TVs, computers, printers, NAS, and gaming consoles
- Supports both wall-mounted and desktop placement

Cost-Effective Networking Solution
Tenda S105 is ideal for small office/home office (SOHO) setups. It provides an affordable, efficient way to add more Ethernet ports to your network without compromising speed or reliability.

Minimal Footprint, Maximum Convenience
Its compact design doesn't take up much desk space and can double as a decorative element for your home or office. Despite its size, it delivers high-performance connectivity for multiple devices simultaneously.

Specifications	
Product Code	TE-S105
Standard&Protocol	IEEE 802.3, IEEE 802.3u, IEEE 802.3x
Port	5*10/100M auto-negotiation RJ 45 ports (Auto MDI/MDIX)
Transmission Media	10Base-T: UTP Cat 3(or better)
	100Base-TX: UTP Cat5
Packet Forwarding Rate	10Mbps : 14880pps
	100Mbps : 148800pps
Power	Output power: 5.0V 0.6A (external power adapter)
	Input Power :AC:100~240V ; 50/60Hz
Dimension	82.00mm*52.00mm*22.30mm(L*W*H)
Indicator	1*power indicator, 5*status indicator
Backbound Bandwidth	1.0Gbps
MAC Address Table	1K
Power Consumption	Standby: 0.8W Maximum : 1.59W
Forwarding Mode	Store-and-Forward
Access Control	CDMA/CD
Temperature	Storage Temperature: -40degreesC~70degreesC
	Operating Temperature: 0degreesC~40degreesC
Humidity	Storage Humidity: 5%~90% non-condensing
	Operating Humidity: 10%~90% non-condensing
Certification	CE
	FCC
	RoHS

Operation System	Windows 8 32/64 bit, Windows 7 32/64 bit, Windows xp 32/64 bit, Linux, MAC OS
Package Content	1* Installation Guide
	1 * 5-port Ethernt Switch
	1* Power Adapter (5V0.6A)
