Overview:

Targus THD918GLZ Protect Case for Microsoft Surface Pro 11, 10 and 9

The Targus THD918GLZ Protect Case is a rugged black protective cover designed specifically for Microsoft Surface Pro 11th Edition, Surface Pro 10, and Surface Pro 9 devices. Built for users who need reliable everyday protection without sacrificing portability, this durable case combines drop resistance, flexible viewing options, and convenient carrying features.

Description:

The Targus Protect Case helps safeguard your Microsoft Surface Pro against accidental drops, bumps, and everyday wear. Its hard-moulded tray, shock-absorbing materials, and military grade drop-tested design provide dependable protection while maintaining access to essential ports, cameras, and accessories. The integrated kickstand supports multiple viewing and typing positions, making it suitable for work, travel, education, and mobile productivity.

The Targus THD918GLZ model provides a secure fit for Surface Pro 11th Edition, Surface Pro 10, and Surface Pro 9, while supporting the use of Surface Type Cover keyboards and Surface Dock accessories. The built-in Surface Pen holder, hand strap, and optional shoulder strap compatibility add extra convenience for users who need to carry their device throughout the day.

Features:

Durable Protection for Microsoft Surface Pro Devices

Designed in collaboration with Microsoft for Surface Pro compatibility, this rugged protective case offers a precise fit while enhancing device usability. The case has passed MIL-STD 810G 4-foot drop testing, helping protect your Surface Pro from accidental falls and impacts during daily use.

The reinforced construction provides added durability while keeping the case lightweight enough for mobile working environments. Whether used in an office, classroom, warehouse, or while travelling, the Targus Protect Case helps keep your Surface Pro protected.

Flexible Viewing and Carrying Options

The integrated kickstand allows multiple viewing angles for comfortable typing, presentations, video calls, and media viewing. A built-in hand strap improves grip when holding the Surface Pro in handheld mode, while the elastic closure strap keeps the device and Type Cover securely together during transport.

Key design elements include:

- Rugged protective shell with shock-absorbing materials
