FAQ

Q: Is this bag compatible with 15.6" laptops?

A: This model is specified for laptops up to 15.4" screen size and has internal dimensions of 36 x 30 x 6 cm. If your 15.6" laptop fits within these internal dimensions and is not too wide, it may still fit, but compatibility is only guaranteed for up to 15.4".

Q: What kind of protection does this carry bag offer?

A: The bag features durable nylon construction with Koskin accents for surface protection and wear resistance. While it is

designed for everyday carry and commuting, it is not a rugged or shock-proof case-so care should be taken under heavy impact or extreme conditions.

Q: Can I carry additional accessories alongside the laptop?

A: Yes-though designed primarily for a 15.4" laptop, the interior depth (6 cm) allows room for slim accessories such as a power adapter, a slim notebook or small documents. For larger accessory loads you may want to consider a bag with extra storage capacity.
