TP-Link Deco X10 4G+ Whole Home Mesh Wi-Fi 6 Router - 1 Pack

Product Overview

TP-Link Deco x10 4G+ Whole Home Mesh Wi-Fi 6 Router - 1 pack, TP-DECOX10-4G-1P, AX1500 WiFi speeds, 1201 Mbps @ 5GHz, 300 Mbps @ 2.4GHz, 1-2 bedroom houses, TP-Link Mesh Technology, 2x LTE antennas, 2x Wi-Fi antennas (Internal), 2 x 2 MU-MIMO, 4 streams, Working modes - 3G/4G / Router / Access Point, 3x Gigabit Ports, 2x 3G/4G external SMB antenna Interface, Nano-SIM SIM Card Format

Specifications

Overview Summary:

The TP-Link Deco X10 4G+ Whole Home Mesh Wi-Fi 6 Router provides high-speed, reliable internet for homes and remote locations. With 4G+ LTE and Wi-Fi 6 technology, it offers fast download speeds up to 300 Mbps and Wi-Fi speeds up to 1.5 Gbps. Ideal for 4K streaming, gaming, and connecting multiple devices, the Deco X10 ensures seamless coverage with its mesh network. Easy to set up with the Deco app, this router is perfect for temporary spaces, vacation homes, or areas without traditional broadband access. Buy now for a flexible, high-speed internet solution.

Performance tier:High

Uses:Home Wi-Fi, 4K streaming, gaming, smart home automation, remote location internet

Overview:

TP-Link Deco X10 4G+ Whole Home Mesh Wi-Fi 6 Router - AX1500

The TP-Link Deco X10 4G+ is a powerful Whole Home Mesh Wi-Fi 6 router designed for superior wireless coverage, reliable connections, and high-speed internet access. Combining 4G+ LTE technology with Wi-Fi 6, the Deco X10 provides seamless internet coverage, eliminating dead zones and offering exceptional speeds for modern homes.

Product Overview:

Deco X10-4G is an all-in-one solution that provides fast, reliable internet access with a hassle-free setup. Whether you're in a remote location, a vacation home, or simply need a more flexible internet option, the Deco X10-4G offers 4G+ connectivity for high-speed browsing and streaming, combined with advanced Wi-Fi 6 technology for seamless home-wide coverage.

Features:

Key Benefits and Highlights:

- **Fast 4G+ Connectivity:** With support for LTE-Advanced Cat 6, enjoy download speeds of up to 300 Mbps and Wi-Fi speeds up to 1.5 Gbps. Perfect for activities like 4K streaming, cloud gaming, and video conferencing.
- **Wi-Fi 6 for Faster Speeds and Greater Coverage:** Experience faster speeds, more reliable connections, and extended range with Wi-Fi 6, delivering faster loading times and support for more devices.
- **Seamless Mesh Network:** Deco X10 works as part of a mesh network that offers continuous Wi-Fi coverage throughout your home, automatically connecting to the best available signal as you move through your space.
- **Easy Setup and Management:** The Deco app allows you to easily set up and manage your network. You can control your

Product Specification Sheet

Wi-Fi from anywhere, prioritize devices, and create profiles for parental controls.

- Gigabit Ethernet Ports: Three Gigabit WAN/LAN ports provide high-speed wired connectivity for devices like desktops, gaming consoles, or 4K HDTVs.
- Flexible for Temporary or Remote Locations: Whether it's for a holiday home, farm, or temporary store, Deco X10-4G provides fast and reliable internet access without the need for traditional broadband installation.

Comprehensive Wi-Fi 6 Coverage and Seamless Performance

The Deco X10 4G+ is built with Wi-Fi 6 technology, which enhances your home network in multiple ways. With faster data transmission, increased network capacity, and reduced latency, you can enjoy smooth 4K streaming, cloud gaming, and more, even in households with many devices.

Maximize Your Entertainment and Productivity

Enjoy a lag-free experience with speeds up to 1201 Mbps on the 5GHz band and 300 Mbps on the 2.4GHz band. Whether you are gaming, streaming movies, or making video calls, Deco X10-4G ensures ultra-low latency for all your online activities.

Perfect for Remote Locations or Temporary Setups

Traditional broadband can be expensive and inconvenient to install in areas like vacation homes, farms, or pop-up shops. Deco X10-4G offers a simple solution: just insert a SIM card, and you're good to go with high-speed internet access. It's an ideal solution for areas without traditional wired internet infrastructure.

Advanced Parental Controls and Security

Deco X10-4G provides robust parental controls, allowing you to set limits on online time, block inappropriate content, and filter the web based on age groups. Additionally, the router features real-time security protection against cyber threats to keep your home network safe.

Extended Coverage with Mesh Technology

By adding additional Deco units, you can easily extend the coverage of your Wi-Fi network, providing seamless internet access across larger homes or buildings. The Deco X10-4G can cover up to 2,100 square feet (190 m²) with a single unit, and more coverage can be achieved by adding extra units to your mesh network.

AI-Driven Mesh for Smart Optimization

With AI Mesh technology, Deco X10-4G adapts to your home's layout and network environment. It automatically optimizes itself, ensuring that your devices connect to the fastest available Deco unit, delivering the best performance wherever you are in your home.

Comprehensive Control at Your Fingertips

Using the Deco app, you can manage your home network with ease. Whether you are at home or on the go, you can see all connected devices, prioritize certain devices for faster speeds, and even set up a guest network. For voice control, Deco X10-4G is compatible with Amazon Alexa and Google Assistant, allowing you to manage your Wi-Fi with simple voice commands.

Perfect for Multiple Devices and Smart Homes

Deco X10-4G is designed to support up to 120 devices at once, ensuring that your household can run multiple high-demand activities like streaming, gaming, and smart home automation without slowing down. With integrated support for IoT devices, it's the ideal solution for homes with a large number of connected gadgets.

Key

- 4G+ LTE Advanced Cat 6 for download speeds up to 300 Mbps
- Wi-Fi 6 technology with faster speeds, greater coverage, and more connections
- Seamless Mesh Network with automatic device switching for uninterrupted performance
- Gigabit Ethernet Ports for ultra-fast wired connections

- Parental Controls and Content Filteringfor safe internet use
- AI Meshfor optimal performance and self-optimization
- Easy Setupvia the Deco app for quick installation and management
- Supports up to 120 devices, ideal for large households or smart homes
- Compact Designthat fits into any home or business setup

Easy Setup and Seamless Roaming

Setting up your Deco X10-4G system is a breeze. Using the Deco app, you can get your network up and running in just a few easy steps. The system works as a unified network, meaning your devices automatically connect to the best Deco unit as you move around your home, with no need to manually switch networks.

Expand Your Network as Needed

Deco X10-4G is fully compatible with other Deco units, so you can expand your mesh network to cover larger areas or add additional features like increased bandwidth. It's a future-proof investment that adapts to your needs.

Whether you're setting up a new home network or looking for a flexible, high-speed solution for a temporary space, the TP-Link Deco X10 4G+ Mesh Wi-Fi 6 router offers powerful performance, seamless coverage, and ease of use. Enjoy reliable internet and smooth online experiences for all your devices.
