

TP-LS1005G

TP-Link LS1005G 5 port Gigabit Switch

Product Overview

TP-Link LS1005G 5 port Gigabit Switch, 5x 10/100/1000 Mbps Ports, Fanless, 10 Gbps switching capacity

Specifications

Overview Summary:

The TP-Link LS1005G 5-Port Gigabit Switch is a compact and efficient network solution perfect for home offices and small businesses in South Africa. With five auto-negotiation Gigabit Ethernet ports, it delivers fast and reliable network speeds, ensuring smooth data transfer for activities like streaming, gaming, and remote work. This fanless switch is designed for quiet operation and energy efficiency, making it ideal for a distraction-free workspace. It's easy to set up with plug-and-play functionality, eliminating the need for complicated configurations. Buy now and enjoy a seamless, high-speed network!

Performance tier:High-Performance

Uses:Home networking, small office networking, streaming, remote work, gaming, network expansion

Overview:

TP-Link LS1005G 5-Port Gigabit Switch: High-Speed, Reliable Networking for Home and Office

The TP-Link LS1005G 5-Port Gigabit Switch is designed to provide seamless, high-speed connectivity for your home or small office network. With five Gigabit Ethernet ports, this compact, fanless switch offers reliable performance without the noise. Whether you're streaming HD content, working remotely, or setting up a network for a small office, the LS1005G ensures smooth and efficient data transfer. Its plug-and-play functionality eliminates the need for complex setup, making it ideal for users of all technical levels.

Description:

The TP-Link LS1005G 5-Port Gigabit Switch delivers robust networking performance with 10/100/1000Mbps auto-negotiation support for each port. It features a sleek, fanless design that operates quietly, saving energy with Green Ethernet technology. This easy-to-use, plug-and-play switch is perfect for both desktop and wall-mount installations, ensuring flexibility in placement. The LS1005G's reliable flow control ensures stable data transfer, making it a reliable choice for home offices or small businesses.

Features:**Key Benefits of the TP-Link LS1005G Switch**

- High-Speed Connectivity: Offers 5x 10/100/1000Mbps auto-negotiation ports for fast data transfer speeds up to 1 Gbps.
- Energy Efficient: Green Ethernet technology automatically adjusts power consumption based on link status and cable length.
- Quiet Operation: The fanless design ensures silent operation, making it ideal for quiet environments like offices or home offices.
- Simple Setup: Plug-and-play functionality means no complex configurations are needed, so you can get up and running immediately.
- Versatile Placement: Can be placed on a desk or mounted on the wall, offering flexibility for different space requirements.
- Reliable Data Transfer: IEEE 802.3X flow control prevents packet loss, ensuring smooth and reliable network performance.

Perfect for Home or Small Office Networking

Whether you need to expand your home network or set up a reliable connection for a small office, the TP-Link LS1005G provides an affordable, easy-to-use solution. Its high-performance gigabit speeds and energy-efficient design make it a great choice for streaming, gaming, and everyday office tasks. Plus, with no fan, the LS1005G operates quietly without disrupting your workspace.

Easy Installation with No Hassle

With its plug-and-play functionality, you can set up your TP-Link LS1005G switch without the need for software installation or manual configuration. Simply connect your devices, and you're ready to go. The auto-negotiation RJ45 ports automatically detect network speeds, ensuring the best possible connection for each device.

A Reliable, Cost-Effective Solution

The TP-Link LS1005G switch offers an ideal balance of performance and value. It's the perfect solution for those looking to enhance their home or office network with reliable gigabit speeds, energy efficiency, and quiet operation, all at a competitive price point.

Technical Details:

- Ports: 5 x 10/100/1000Mbps Auto-Negotiation RJ45 ports, supporting Auto-MDI/MDIX
- Design: Fanless, plastic casing, desktop or wall-mountable
- Switching Capacity: 10 Gbps
- Power Saving: Green Ethernet technology to reduce energy consumption
- Flow Control: IEEE 802.3X for smooth data transfer

By choosing the TP-Link LS1005G 5-Port Gigabit Switch, you are investing in a network solution that is reliable, energy-efficient, and easy to use-making it the perfect addition to any home or small office setup.

Specifications	
Product Code	TP-LS1005G
HARDWARE FEATURES	
Standards and Protocols	IEEE 802.3i/802.3u/ 802.3ab/802.3x
Interface	5x 10/100/1000Mbps, Auto-Negotiation, Auto-MDI/MDIX Ports
Fan Quantity	Fanless
External Power Supply	External Power Adapter (Output: 5VDC/0.6A)
Dimensions (W x D x H)	3.5 x 2.8 x 0.9 in. (90 x 72 x 23 mm)
Max Power Consumption	3.7W
Max Heat Dissipation	12.617 BTU/h
PERFORMANCE	
Switching Capacity	10 Gbps
Packet Forwarding Rate	7.4 Mpps
MAC Address Table	2K
Packet Buffer Memory	1.5 Mb
Jumbo Frame	16 KB
SOFTWARE FEATURES	
Advanced Features	Green Technology
	802.3X Flow Control
	Back Pressure
Transfer Method	Store and Forward
OTHERS	
Certification	CE, FCC, RoHS
Package Contents	5-Port 10/100/1000Mbps Desktop Switch
	Power Adapter
	Installation Guide
Environment	Operating Temperature: 0degreesC~40degreesC (32degreesF~104degreesF)
	Storage Temperature: -40degreesC~60degreesC (-40degreesF~140degreesF)
	Operating Humidity: 10% ~ 90% non-condensing
	Storage Humidity: 5%~90% non-condensing
