Motion Detection
Receive a notification whenever your camera detects motion and see a video clip of the motion for closer inspection.
Also, you can personalize your own experiences by setting the motion detection zones
to only capture what happens in the area that you choose.

Night Vision
Dont wake up your little ones when you crack open their doors to check on them. Watch over them from your phone with 30 ft of night vision. Youll have peace of mind, and theyll have a good nights sleep.

High-Definition Video
3MP Ultra-High definition video provides more clarity and sharpness in pictures
due to a higher number of pixels.
This helps with identification and recognition from far away.

Two-Way Audio
Communicate with a loved one through the built-in microphone and speaker.

Protect Your Privacy
Your privacy is ensured with privacy mode and a local storage card.

- Privacy ModeShut down surveillance to protect your privacy whenever you want.
- Local StorageA microSD card stores up to 256 GB equal to 512 hours (21 days) of footage (based on laboratory conditions)

Alarm System
Not only will the camera send notifications to you when motion is detected, itll also trigger lights and sounds as an alarm.

Share Memorable Moments
Save the most unforgettable moments and share them with your loved ones. Tapo cameras are always there to help you record every memorable moment.

A Tap Leads to What Matters Most
The free Tapo app puts everything you need at your fingertips.

- Check the video box to play back previous records Choose a specific camera and locate what you want according to date.
- Set a schedule to check periodic video The camera would automatically record videos based on your schedule, no matter whether it detects motion or not.
- Check multiple views at the same time
