

TS128GUSD300S-A

Transcend 300S 128GB MicroSDXC/SDHC Class 10 U1 Memory Card with SD Adapter

Product Overview

Transcend 300S 128GB MicroSDXC Class 10 UHS-I U1/U3 V30 A1 -Read up to 95 MB/s - Write up to 45 MB/s - With SD Adapter

Specifications

Overview:

Want to save space on your mobile device by running apps from a memory card? Transcend's microSDXC/SDHC 300S cards are the right choice! Compliant with the latest speed class, the cards boast excellent random read/write speed, perfect for retrieving small pieces of data from random locations and speeding app launch time.

Features:

A good fit for mobile app storage

It's common for users to install and run mobile apps from microSD cards in order to free device memory. Random read/write performance is thus crucial. Transcend's microSDXC/SDHC 300S memory cards are a great fit for storing mobile apps.

Introducing Application Performance Class

The Application Performance Class was introduced to adapt this new trend. Transcend's microSDXC/SDHC 300S memory cards meet the new A1 standards, delivering minimum random read of 1,500 IOPS and random write of 500 IOPS, and sustained sequential speeds of at least 10MB/s.

Show the transfer capabilities

Transcend's microSDXC/SDHC 300S memory cards meet both the UHS Speed Class 3 (U3) and the UHS Video Speed Class 30 (V30) standards for 4K Ultra HD video recordings, with read/write speeds of up to 95MB/s and 45MB/s respectively.

Store as many as you wish

In addition to excellent random read/write performance, Transcend's microSDXC/SDHC 300S memory cards come in up to 128GB storage capacity, allowing you to keep more digital files and apps at hand!

Built for extremes

To deliver the best performance and stability, Transcend's microSD memory cards are tested to withstand extreme conditions.

ComX Computers

Product Specification Sheet

- Waterproof: meet JIS IPX7 standards that can withstand immersion in 1 meter of water for up to 30 minutes.
- Temperature proof: perform in temperature extremes from -25 degreesC to 85 degreesC.
- Static proof: meet EMC IEC61000-4-2 standards and withstand static electricity.
- X-ray proof: meet the ISO7816-1 standard and are immune to airport X-rays.
- Shock proof: provide excellent shock, vibration, bending and twisting resistance.

Specifications

Product Code	TS128GUSD300S-A
--------------	-----------------

Appearance

Dimensions (Max.)	11 mm x 15 mm x 1 mm (0.43" x 0.59" x 0.04")
Weight (Max.)	0.4 g (0.01 oz)

Storage

Capacity	128 GB
Flash Type	3D NAND flash

Operating Environment

Operating Temperature	-25 degreesC (-13 degreesF) ~ 85 degreesC (185 degreesF)
Operating Voltage	2.7V ~ 3.6V

Performance

Speed Class	UHS-I U3
	UHS-I U1
	Class 10
	V30
	A1
Read Speed (Max.)	95 MB/s
Write Speed (Max.)	45 MB/s
Insertion/Removal Cycles	10, 000
Note	Speed may vary due to host hardware, software, usage, and storage capacity.
