Specifications

About this product

The**Targus Sport Black 15-15.6" Rolling Backpack**is a hybrid carry-case offering both backpack and roller modes, designed for professionals on the move. It features a padded notebook compartment compatible with up to 15.6´´ devices, durable in-line wheels, a telescopic trolley handle and a premium 1680D-nylon exterior (or high-density polyester, depending on regional model) to withstand travel stresses while keeping your gear organised and accessible.

Overview Summary

Product title: Targus Sport Rolling 15-15.6´´ Laptop Backpack (TSB700EU)

This roller backpack adapts to your business travel or daily commute by offering a convertible carrying solution that easily shifts from backpack to wheeled mode. Its generous inner filing and notebook compartments accommodate your laptop, tablet, documents and accessories, while the built-in cover protects your clothing when switching between modes. With smooth in-line wheels and a sturdy telescopic handle, you can glide through airports or city sidewalks, and if you prefer backpack mode the padded shoulder straps and sternum strap offer hands-free convenience.

The robust construction and practical workstation layout make this model ideal for professionals who carry IT hardware and paperwork. Whether you're headed to a meeting or beyond the office, you'll appreciate the protection for your 15´´-16´´ laptop, the designated accessory pockets and the dual-mode mobility. Based on available data this is a reliable carry solution for the modern mobile professional.

Performance tier: Premium travel-grade hybrid backpack/roller

Uses: Business travel, daily commute, IT equipment transport, laptop and document carrier

Description

The Targus Sport Rolling 15-15.6´´ Laptop Backpack (TSB700EU) is thoughtfully engineered to provide a versatile, travel-ready solution for professionals transporting laptops, documents and accessories. In roller mode the in-line wheels and telescopic trolley handle let you effortlessly pull your load through terminals or along pavements; when you prefer backpack mode the padded shoulder straps and adjustable sternum strap offer comfortable carry, while a protective rear flap conceals the wheels and handle to avoid contact with your clothing.

Inside you'll find a dedicated notebook compartment padded for up to a 15.6´´ device, generous filing space for notebooks or paperwork, an inner accessory workstation with pen loops, key clip and business-card holder, plus a mesh bottle pocket. The outer material-either 1680D nylon or high-density polyester depending on region-provides rugged durability and helps shield your essentials from everyday wear. The smart layout and dual-mode design deliver both form and function in a sleek business-friendly profile.

Features

Key features of the backpack and how they benefit you:

- Convertible roller/backpack design - switch between wheeled mobility and traditional carry depending on your travel needs.
- Padded notebook compartment (fits up to 15.6´´) - ensures your laptop remains protected during transit.
- Distinct compartments and workstation layout - keeps your accessories, documents and IT hardware organised and accessible.
- Cover over wheels when in backpack mode - prevents the wheels and trolley handle from contacting your clothing or straps.
- Padded shoulder straps and adjustable sternum strap - offer comfortable and stable carry when worn as a backpack.
- In-line wheels and telescopic trolley handle - enable smooth mobility in roller mode, reducing fatigue during long walks or airport transfers.

- Mesh bottle pocket and external pockets - add everyday convenience for accessories and hydration on the go.

FAQ

What laptop sizes can this backpack accommodate?

The Targus Sport Rolling TSB700EU is designed to fit laptops up to 15.6´´ in screen size, with a padded notebook compartment to provide protection for your device during transport.

Can I use this exclusively as a backpack without using the wheels?

Yes. The design includes a cover that conceals the wheels and trolley handle when the bag is worn as a backpack, protecting clothing and improving comfort for shoulder carry.

Is this backpack suitable for business travel and daily commuting?

Absolutely. The hybrid design offers smooth wheeled rolling for airport or terminal use, and comfortable backpack mode for urban or transit environments - making it a versatile option for both business travel and everyday carry.

What material is it made from and how durable is it?

The exterior is crafted from heavy-duty 1680D nylon (or high-density polyester depending on region), offering robust resistance to wear and tear, making it well suited for frequent use and travel conditions.
