Specifications

Overview:

Sol-Lite 14" Laptop Backpack - Navy

- Streamline lightweight design with wide opening access to main compartment
- Contoured padded mesh back panel with air channel for carrying comfort
- Dual handle design as an alternative carrying solution

Features:

With a spacious storage compartment for your daily commute the Sol-Lite backpack wont burden you with excessive weight. The Sol-Lite range has been designed to be protective, streamlined and lightweight. Comfortable carrying is guaranteed thanks to the ergonomically designed, hinged shoulder-strap system. The mesh back panel has been developed with a smart breathable air channel foam structure to improve air circulation. This results in optimum back ventilation at the same time as adding back support. As well as a hidden trolley strap, the dual handle design provides an alternative carrying solution as a duffel bag. Created with water-repellent lightweight Nylon and with a fresh range of colourways, the Sol-Lite backpack collection is carefully crafted to work for in any situation, from outdoor activities and travelling through to your daily commute.

- Streamline lightweight design with wide opening access to main compartment
- Contoured padded mesh back panel with air channel for carrying comfort
- Dual handle design as an alternative carrying solution
- Ergonomic padded adjustable shoulder straps and adjustable sternum straps for best support during travel
- Structured piping and layered design able the bag to stand upright
- Padded top and side handles allow you to carry the pack like a briefcase
- Air mesh back panel with air flow design helps keeps you cool on the go
- Weather-resistant material helps protect from the elements
