

Tapo-T300

TP-Link Tapo T300 Smart Water Leak Sensor

Product Overview

TP-Link Tapo T300 Smart Water Leak Sensor, SPEC: 868 MHz, 2 x AAA Battery, FEATURE: Tapo Hub Required, Dripping and Leaking Detection, 90dB Alarm Audio, Mute and Volume Control, Weatherproof (IP67), Smart Action, Tapo App

Specifications

Features:

- Drip & Leak Alert - Responds to drips and leaks with 6 detection probes on both top and bottom.
- Up to 90dB Alarm - Get alerted with its 90 dB siren and mute the alarm with one-touch.
- IP67 Waterproof Rating - IP67 waterproofing protects from wet and dusty environments.
- Instant App Notification - Receive instant alerts via the Tapo app when a leak occurs from anywhere.
- Flexible Placement - Wireless, designed to place in anywhere leaks or flooding may occur, like under the sinks, near washing machine, bathtub and more.
- Visible Alarm with Tapo Lights - Get an visual alert from your smart bulb before disaster strikes.
- Hub Required - Triggers the Hub alarm when leakage is detected. Manage up to 64 sensors with one hub.

Around-the-Clock Alerts

Featuring 6 high-sensitive probes on the top and bottom, the Tapo Smart Water Leak Sensor detects both water leakage and flooding and alerts you immediately with its 90 dB alarm. It can also trigger the Hub alarm for additional audible alert coverage. Now you can intervene immediately and prevent worse water damage.

Monitor Water Leakage from Anywhere

Receive an instant app notification when a leak happens or the batteries run low. Find out even while away from home.

Versatile Usages, Flexible Placement

Place the water leak sensor where leaks or flooding may occur, such as in bathrooms, kitchens, laundry rooms, and more. Name the sensors and easily manage all of them in the Tapo app.

Make a Visible Alarm

Create a Smart Action in the Tapo app to connect your smart lighting with the Tapo Smart Water Leak Sensor. Get a visual alert from your smart bulb before disaster strikes.

IP67 Waterproof

ComX Computers

Product Specification Sheet

Designed with an IP67 waterproof and dustproof rating, the sensor is ideal for humid and dusty environments with a long service life.

Long - Lasting Performance

Two replaceable AAA batteries provides up to 3 years battery life.
