

U11

Tenda U11 AX900 Dual-Band Wi-Fi 6 USB Adapter

Product Overview

Tenda U11 AX900 Dual-Band Wi-Fi 6 USB Adapter, Internal antenna, 286 Mbps @ 2.4GHz, 600 Mbps @ 5GHz

Specifications

Overview:

U11 AX900 Dual-band Wi-Fi 6 USB Adapter

With a mini and portable exterior, the Wi-Fi 6 driver-free adapter U11 fits securely into your computer and does not affect the usage of neighboring ports. It contains an internal driver, which completes installation automatically once plugged into your computer without tedious installation steps. Therefore, you do not need to manually install the driver with a CD-ROM or a file downloaded from the internet. It is compatible with many operating systems including Windows 11, Windows 10, Windows 7, and Linux, to meet the requirements of various desktop and laptop users for wireless internet connections.

Features:

Equip Your PC with Wi-Fi 6

AX900 Wi-Fi 6 Wireless USB Adapter U11

Fastest Wi-Fi 6 standard

Both dual frequency bands support Wi-Fi 6 technical features, with concurrent rates up to 886Mbps.(The 2.4G frequency band rate can reach up to 286Mbps; The 5G frequency band rate can reach up to 600Mbps)You can independently select the wireless network frequency band according to the network environment, effectively avoiding wireless interference and

obtaining the best network experience.

*Dual-band switching feature needs to be used with a dual-band router.

*Only one frequency band can be selected for use at a time

Compatible with Various Operating Systems

Compatible with Windows 7, Windows 10, Windows 11, Linux, to meet the requirements of various desktop and laptop users for wireless internet connections.

Auto-install, Plug And Play

Built-in pre-stored driver, bid farewell to cumbersome downloading steps, just click the mouse to complete the installation.

Mini design, portable and durable

The USB metal plug is seamlessly integrated with galvanized coating and ultrasonic technology, making it resilient against various collisions and drops, ensuring long-lasting durability. Its compact and exquisite design allows for easy portability without occupying much space, making it convenient for instant use anytime, anywhere.

Tenda intelligent algorithm assists in stable signal transmission

Compared with previous Wi-Fi 5 adapter, the Tenda intelligent algorithm used by U11 can better assist the stable transmission of wireless signals and make the wireless transmission range wider.
