UB-AM

Ubiquiti Antenna wall mount

Product Overview

Ubiquiti Antenna wall mount UBAM-UB-AM, Universal Arm Bracket by Ubiquiti, Designed for wall or poles, Aesthetically Pleasing, Full 90 Deg Tilt Adjustment, 1.5" Dia Heavy Duty Steel Pipe for Greater Strength

Specifications

Overview Summary:

This Ubiquiti Antenna Wall Mount UBAM-UB-AM offers an excellent solution for securely installing antennas on walls or poles. Designed with a full 90-degree tilt adjustment, this universal arm bracket is made of heavy-duty steel for added strength and durability. Its sleek, aesthetically pleasing design ensures it fits seamlessly into both residential and commercial environments. Whether you're installing for business or personal use, the Ubiquiti antenna mount is a reliable, sturdy choice. Buy now for an easy, long-lasting mounting solution.

Performance tier: High-performance, durable mounting solution

Uses: Wall or pole installation of antennas, secure antenna positioning, residential and commercial installations, durable antenna support

Overview:

Ubiquiti Antenna Wall Mount UBAM-UB-AM: Universal Arm Bracket
The Ubiquiti Antenna Wall Mount UBAM-UB-AM is a robust and versatile mounting solution for your antenna needs. Designed for both wall and pole installations, this universal arm bracket ensures a secure and adjustable setup for optimal signal positioning. With its sleek, aesthetic design and durable build, this mount is perfect for both residential and commercial applications.

Description:

The UBAM-UB-AM mount features a full 90-degree tilt adjustment, allowing precise antenna alignment for better performance. Its 1.5-inch diameter heavy-duty steel pipe provides superior strength and stability, ensuring long-term reliability even in challenging environments. Whether you need to mount your antenna on a wall or a pole, this bracket offers a high degree of flexibility and ease of use. Its simple yet sturdy design is perfect for those looking for both functionality and visual appeal.

Features:

Key Benefits of the UBAM-UB-AM Wall Mount

- Universal Compatibility: Works seamlessly with various antennas, making it an ideal choice for both professional setups and personal installations.
- Full Tilt Adjustment: The 90-degree tilt adjustment allows for perfect positioning, ensuring your antenna is always aligned for the best signal reception.
- Durable Construction: Made from heavy-duty steel, the 1.5-inch diameter pipe offers exceptional strength and can withstand harsh outdoor conditions.
- Aesthetically Pleasing Design: The sleek, modern design not only delivers functionality but also ensures that your setup looks professional and clean.
- Versatile Mounting Options: Whether you're mounting to a wall or a pole, this universal arm bracket offers maximum flexibility, ensuring a secure fit in any environment.

Robust and Reliable for Any Setup
Crafted for long-term performance, the Ubiquiti Antenna Wall Mount UBAM-UB-AM ensures that your antenna is securely held in place, even in challenging weather conditions. The heavy-duty steel pipe design can handle demanding environments while maintaining its strength and stability.

Easy Installation for Quick Setup
Installing the UBAM-UB-AM wall mount is a straightforward process, whether you are attaching it to a wall or a pole. Its universal design ensures compatibility with most antenna models, allowing for a fast and hassle-free setup.

Perfect for Residential and Commercial Use
Whether you're outfitting a home network or enhancing a commercial-grade antenna system, this mount offers the versatility and strength needed for various applications. Its clean aesthetic and durable materials make it ideal for both home and business use.

Designed for Maximum Strength and Stability
The UBAM-UB-AM's heavy-duty steel pipe is designed to withstand tough conditions, providing long-lasting durability. Its 1.5-inch diameter ensures that the mount can bear the weight of most antennas while maintaining stability in high winds or adverse weather conditions.
