UF-Tools 34-in-1 Compact T-Handle ratchet & Bit Set

Product Overview

UF-Tools 34-in-1 Compact T-Handle ratchet & Bit Set, Low-Profile Ergonomic T-Handle ratcheting Driver with dual-direction mechanism, Integrated inline extension Bar for high Torque applications, 32 Premium industrial-grade S2 Alloy Steel Magnetic bits, Color-banded Bit system, Heavy-Duty durable locking hardshell storage Case with molded slots

Specifications

Overview Summary:

Upgrade your toolkit with the professional-grade UF-Tools 34-in-1 Compact T-Handle Ratchet & Bit Set, now available for immediate purchase in South Africa. Designed for maximum efficiency, this compact driver features a low-profile ergonomic handle that delivers high torque even in hard-to-reach spaces, making it ideal for automotive maintenance, furniture assembly, and electronic repairs.

Equipped with 32 precision-engineered S2 steel bits color-coded for quick identification, this set ensures you have the right tool for every fastener. The rugged hardshell case keeps your tools organized and protected on the go. Shop now to secure this essential addition to your workshop.

Performance tier:Professional Grade

Uses:Automotive maintenance, furniture assembly, electronic repairs, industrial maintenance, DIY projects, general household hardware

Overview:

The UF-Tools 34-in-1 Compact T-Handle Ratchet & Bit Set is designed for professionals and DIY enthusiasts who demand precision in confined spaces. This comprehensive kit combines a low-profile ergonomic driver with a diverse selection of 32 color-coded S2 steel bits, ensuring you have the right tool for every fastening task from automotive maintenance to delicate electronics repair. The T-handle configuration offers superior leverage and comfort, reducing hand fatigue during high-torque applications while the integrated inline extension bar provides easy access to hard-to-reach bolts.

Description:

This professional-grade toolkit delivers maximum efficiency with a dual-direction ratcheting mechanism that ensures smooth operation in both clockwise and counter-clockwise directions. The set is housed in a rugged, impact-resistant matte black hardshell case featuring dedicated molded slots to keep every component organized and secure during transport. With color-banded bits for immediate recognition and premium S2 alloy steel construction for durability, this kit serves as an indispensable companion for mechanical repairs, industrial maintenance, furniture assembly, and daily DIY projects.

Features:

Key Features:

- High-torque T-handle ratchet with smooth dual-direction mechanism and inline extension bar for optimal leverage
- 32 precision-engineered S2 alloy steel bits color-coded by head type for rapid identification and workflow efficiency
- Durable locking hardshell case with secure open latch to prevent accidental spills while traveling or in a toolbox
- Versatile design covering all common fastener styles including Torx, Security Torx, Hex, Phillips, Pozidriv, Slotted, and Specialty spanners

The bit selection is meticulously organized by color to streamline your workflow. The red-banded Torx and Security Torx bits are ideal for modern machinery and electronics, while the purple Hex or Allen bits are essential for bicycle maintenance and furniture assembly. Construction and woodworking tasks are handled easily with the standard blue Phillips and orange Pozidriv bits, ensuring you never strip a screw head. Traditional fasteners require the yellow Slotted or flathead bits, which offer perfect control for precision adjustments, and the set includes specialty U-type spanners to tackle unique tamper-proof safety fasteners that other kits miss.

All essential components are included in this complete package, specifically identified by part number UF-840143 . The kit contains one low-profile ergonomic T-handle ratcheting driver paired with one integrated inline extension bar and a heavy-duty durable locking hardshell case. The magnetic bits ensure you never lose small screws during disassembly, making this an efficient solution for both quick fixes and complex projects.

Technical Specifications:

- S2 Alloy Steel Magnetic Bits: Color-banded premium industrial-grade construction
- Phillips Sizes: PH0, PH1, PH2, PH3
- Slotted/Flathead Sizes: SL3.0, SL4.0, SL5.0, SL6.0
- Torx Standard Sizes: T10, T15, T20, T25, T27, T30, T40
- Torx Security Sizes: T10H, T15H, T20H, T25H, T27H, T30H, T40H
- Hex/Allen Sizes: H3.0, H4.0, H5.0, H6.0
- Pozidriv Sizes: PZ1, PZ2, PZ3
- Specialty Spanner Sizes: U6, U8

The physical design prioritizes portability without compromising on strength. The complete set weighs 520 grams and

measures 182 by 92 by 44 millimeters, making it compact enough for a tool belt yet substantial enough to handle demanding mechanical tasks. Whether you are working in an industrial setting or tackling home improvement projects, this kit provides the reliability needed for consistent performance.

What's in the box

- 1 x Low-profile ergonomic T-handle ratcheting driver
- 1 x Integrated inline extension bar
- 1 x Heavy-duty durable locking hardshell case with molded slots
- 32 x Color-coded S2 alloy steel magnetic bits (Phillips, Slotted, Torx, Security Torx, Hex, Pozidriv, and Specialty Spanner)

Specifications	
Product Code	UF-840143
Key specifications	
SKU	UF-840143
Details	
Core hardware	1 x Low-profile ergonomic T-handle ratcheting driver 1 x Integrated inline extension bar 1 x Heavy-duty durable locking hardshell case
Bit material & style	Color-banded premium industrial-grade S2 alloy steel magnetic bits
Phillips bits	PH0, PH1, PH2, PH3
Slotted / flathead bits	SL3.0, SL4.0, SL5.0, SL6.0
Torx standard bits	T10, T15, T20, T25, T27, T30, T40
Torx security bits	T10H, T15H, T20H, T25H, T27H, T30H, T40H
Hex / allen bits	H3.0, H4.0, H5.0, H6.0
Pozidriv bits	PZ1, PZ2, PZ3
Specialty bits	U6, U8
Physical and environment	
Weight	520 g
Dimensions	182 x 92 x 44 mm

FAQ

What specific bit sizes are included in the UF-Tools 34-in-1 Compact T-Handle Ratchet & Bit Set?

The set includes 32 precision-engineered bits covering a wide range of fasteners: Phillips (PH0-PH3), Slotted/Flathead (SL3.0-SL6.0), standard and security Torx sizes (T10-T40 and T10H-T40H), Hex/Allen (H3.0-H6.0), Pozidriv (PZ1-PZ3), and specialty U-Type bits.

How does the color-coding system help with workflow efficiency?

The 32 industrial-grade S2 steel bits are color-banded by head type for immediate recognition, including Red for Torx/Security Torx, Purple for Hex, Blue for Phillips, Orange for Pozidriv, and Yellow for Slotted fasteners.

Is the ratchet handle designed to fit into tight spaces?

ComX Computers

Product Specification Sheet

Yes, this kit features a low-profile ergonomic T-handle driver with an integrated inline extension bar, specifically engineered to deliver high torque while providing optimal leverage in hard-to-reach areas.

What is included for storage and transport protection?

The tools come housed in a rugged, ultra-compact hardshell case with dedicated molded slots to keep components secure. It features an impact-resistant design and a secure "Open" latch to prevent accidental spills during travel.

In what environments or projects can this tool set be effectively used?

This generalized kit is versatile enough for mechanical repairs, industrial maintenance, DIY projects, daily assembly work, electronic repairs, furniture assembly, and automotive maintenance due to its comprehensive fastener coverage.
