Product Overview

Microworld UNTC90W Universal charger auto adjust - 90W, 10 connector compatible - Asus / HP / Lenovo / Toshiba / NEC / Acer / Samsung / Sony / Dell / Liteon

Specifications

Overview Summary:

The Microworld UNTC90W Universal Laptop Charger delivers flexible and reliable power with automatic voltage adjustment and a 90W output. Designed for broad compatibility, it includes 10 interchangeable connectors to support major laptop brands including Asus, HP, Lenovo, Dell, Acer and more.

This universal adapter is a practical replacement or backup charging solution for home, office, or travel use across South Africa. Its auto-adjust technology helps ensure stable charging performance across supported devices, reducing the need for multiple branded chargers. Buy now to simplify your laptop power setup with one adaptable solution.

Performance tier:Mid-range universal power adapter

Uses:laptop charging, replacement charger, travel power supply, office workstation power, multi-device compatibility support

Overview:

The Microworld UNTC90W Universal Charger Auto Adjust 90W is designed as a flexible and reliable power solution for a wide range of laptop brands. It supports automatic voltage adjustment and comes with multiple interchangeable connector tips, making it suitable for users who need a single charger that works across different devices without carrying multiple adapters. This model is engineered for convenience, portability, and broad compatibility across common laptop power requirements.

Description:

The UNTC90W is a 90W universal laptop charger built to deliver stable and efficient charging across multiple notebook brands. It features auto-adjusting voltage output to match device requirements, reducing the need for manual settings. The unit is supplied with a selection of interchangeable tips, allowing it to connect with various laptop charging ports. Designed for both home and travel use, it provides a practical alternative to brand-specific chargers while maintaining consistent power delivery

Product Specification Sheet

for everyday computing needs.

Features:

90W Universal Laptop Charger Compatibility and Power Output

This adapter is structured to support a wide range of laptops requiring up to 90W input. It is commonly compatible with brands such as Asus, HP, Lenovo, Toshiba, NEC, Acer, Samsung, Sony, Dell, and Liteon, among others. The auto-adjust voltage function ensures the charger aligns with the device requirements for safe and efficient charging.

Key technical points include:

- Maximum output power: 90W
- Auto voltage adjustment for device matching
- Suitable for multiple laptop brands and models
- Designed for interchangeable connector support

Connector Set and In The Box

The package includes all essential components needed for immediate use, providing flexibility for different laptop models without additional purchases.

- 1 x AC adapter / charger unit
- 1 x power cable
- 10 x interchangeable connectors / tips / pins

The connector set is designed to cover a broad range of laptop input ports, making the UNTC90W a practical universal charging solution.

Device Compatibility Range and Practical Use

The charger is intended for users with multiple devices or those requiring a replacement adapter with broad compatibility. It is particularly useful in environments where different laptop brands are used, such as offices, schools, or shared workspaces. Its compact design also makes it suitable for travel, reducing the need to carry brand-specific chargers.
