UPSI1000RT

Proline 1000VA Online UPS with AVR

Product Overview

UPSI1000RT, Proline 1000VA Online UPS with AVR - Serial Cable included 700Watt

Specifications

Overview:

Proline c1000 1000va line interactive ups with avr
The primary advantage to a ups is that in cases of sudden power loss the ups will continue to power the computer system long enough for you to save your work.

Additionally, in environments which have problems with "dirty power". Meaning the electrical supply may have sudden spikes or dips such as in an older building or neighborhood the ups offers a great deal more protection than a standard surge suppressor would.
