Product Overview

UPST2000RM, Proline 2000VA Rackmountable Online UPS with AVR - Serial Cable included 1400Watt, 1x DB9, 1x AC in, 4x AC out, 2 x RJ-45, 1 x Power ext cable

Specifications

Features:

- The primary advantage to a UPS is that in cases of sudden power loss the UPS will continue to power the computer system long enough for you to save your work.
- Additionally, in environments which have problems with "dirty power"... meaning the electrical supply may have sudden spikes or dips such as in an older building or neighborhood the UPS offers a great deal more protection than a standard surge suppressor would.

Specification:
