This reliable USB 2.0 extender allows you to connect your printer, keyboard, mouse, and USB flash drives over a 100m Ethernet cable. Easy to use and compatible with a wide range of devices, it's perfect for creating a flexible workspace. Buy now for efficient and reliable network extension!

Performance tier:Basic Connectivity

Uses:Connecting printers, keyboards, mice, USB flash drives over long distances, extending USB ports over Ethernet

Overview:

4-Port USB Network Extender - Enhance Your Connectivity Over Ethernet

The Microworld 4-Port USB Network Extender enables reliable USB connectivity over a distance of up to 100 meters using a standard RJ45 Cat6 Ethernet cable. This device comes with both a transmitter and a receiver, designed to extend the reach of your USB peripherals such as printers, keyboards, mice, and USB flash drives. Ideal for both home and office environments, this extender provides a simple and effective solution for connecting multiple USB devices remotely without compromising data integrity.

Description:

This USB extender is perfect for users who need to extend their USB devices' reach over long distances. The package includes both the transmitter and receiver, allowing for seamless communication between devices and the computer. It supports USB 2.0, making it ideal for various devices such as wired printers, keyboards, mice, and USB flash drives (up to 256GB). It works via a standard Ethernet cable, offering a cost-effective and practical solution for connecting USB devices located far from your computer.

Features:**Key Benefits of the Microworld USB Network Extender:**

- Extend USB Devices Up to 100m: With the 4-Port USB Network Extender, you can connect your USB devices up to 100 meters away from your computer using a standard Cat6 Ethernet cable.
- Wide Compatibility: Supports printers, wired keyboards, wired mice, and USB flash drives with capacities up to 256GB. However, it is not compatible with USB cameras or webcams.
- Reliable Data Transfer: The USB 2.0 standard ensures stable data transfer, ensuring your devices work without issues even at extended distances.
- Versatile Plug Options: Available in both US and EU plug types, the extender can be used in a wide range of regions, including Canada, Mexico, India, the Philippines, Taiwan, Indonesia, Germany, France, and Spain.

Product Features:

- Model Number: 4USB120M
- Device Type: USB Adapter
- Voltage: AC 100-240V
- Plug Type: US or EU Plug (depending on your region)
- Color: Black
- Material: Iron

What's Included

- 1 x Transmitter
- 1 x Receiver
- 1 x Power Adapter

(Note: Due to variations in product batches, appearance may differ slightly, but this will not affect functionality.)

Important Considerations

- This extender is not compatible with USB cameras or webcams. It is designed for use with standard USB devices such as printers, keyboards, mice, and flash drives.

Whether you're setting up a home office or expanding a larger workspace, the Microworld 4-Port USB Network Extender offers a practical solution for managing multiple USB devices over a long distance. It ensures a high level of connectivity without the need for complex configurations or additional drivers.
