Product Specification Sheet

# USB-CBL-AM-M8

Unbranded Micro USB to USB Type-A cable - 0.8m

## Product Overview

Unbranded Micro USB to USB Type-A cable - 0.8m

## Specifications

**Overview:**

**Micro USB to USB Type-A Cable - 0.8m**

Ideal for connecting your devices with a Micro USB port into a charger, or for connecting your Micro USB devices to a computer/laptop to transfer files. Due to the short length of this cable, it is also ideal to use in conjunction with the UltraLAN 17W Micro UPS to power a router which requires Micro USB power input (such as the MikroTik hAP Lite for example) as the router and Micro UPS can be placed next to each other/on top of each other and linked together with this short USB power cable.
