

VK-20052-SL

Volkano Strike Series 1.2m MFi Lightning charge / Data cable - Silver

Product Overview

Volkano Strike Series 1.2m MFi Lightning charge / Data cable - Silver

Specifications

Overview:

Volkano Strike Series MFi Certified Lightning Cable - 1.2m (VK-20052-SL)

The Lightning connector that iPhones, iPods, and iPads have been using since 2012 is a proprietary connector created by Apple. Inside each lightning connector is a tiny authentication chip that tells your device its Apple MFi Certified. This is important because non-certified, or knock-off, lightning cables can be very dangerous to your device. (You may have noticed a warning message on your phone when a non-MFi cable was detected.) The Volkano Strike Series MFi Lightning Cable is MFi Certified

Features:

- MFi Certified for compatibility with Apple devices.
- Suitable for both Charging and Data Transfer.
- Made for your iPod, iPhone, or iPad.
- 1.2m for the perfect length you need.
- Moulded connectors for reliability and durability.
