FAQ

What is the refresh rate of the Volkano VK-5602-BK monitor?

The Volkano VK-5602-BK has a 100 Hz refresh rate when connected via HDMI, which helps provide smoother motion compared to standard 60 Hz panels.

This makes it suitable for casual gaming, online video and general interactive use without motion blur.

What ports does this monitor support?

This monitor includes one HDMI port for modern digital connections and one VGA port for legacy analog devices such as older desktops or laptops.

These options ensure compatibility across a wide range of devices without needing adapters.

Can this monitor be wall mounted?

Yes, the Volkano VK-5602-BK supports VESA 100 x 100 mm mounting, so it can be mounted on walls or arms that use this

standard pattern.

Check your mounting hardware specifications to ensure proper fit and secure installation.
