Specifications

Overview:

High-Performance IP DECT Handset

W73H

High-performance cordless IP DECT handset for use with the W73P IP DECT Phone and W70B IP DECT base station.

The Yealink W73H IP DECT handset is the new generation of stylish modern wireless handset designed for business use with a new commercial design, which is more sleek, convenient to carry, has a better battery life and improved communication quality.

Combining the benefits of wireless communication with rich business features of Voice-over-IP telephony, it empowers users with convenient wireless communication, excellent speech quality, and encrypted call information by the reliable DECT encryption technology. Its graphical colour display will provide you with a comfortable and high-quality user experience for the entire workday.

The W73H handset is perfectly compatible with the Yealink W70B, making up the Yealink W73P . The W73P system can support 10 handsets, 10 SIP accounts, and 20 simultaneous calls (2 calls per handset).

The W73H handset is fully compatible with the W90 Multi-Cell system, providing you with further options for your office expansion.

- W73H handset
- Charger cradle
- Rechargeable battery

ComX Computers

Product Specification Sheet

- Belt clip
- Power adapter

Features:

Yealink W73H DECT Handset

- Brand-new design of stylish appearance and intuitive UI
- Clear and stable voice communication experience
- Optimized response speed and battery life
- Seamless compatibility with Yealink W70B DECT Base

Dedicated Details for Simple and Comfortable Experience

Adopting a new black metallic appearance with the refreshed modern stylish UI, Yealink W73H also combines optimized dialpad layout and belt clip for a more portable and easy-to-use wireless communication experience for mobile working.

- Intuitive UI with multiple theme options
- Stable belt clip for carrying the handset while on the move.
- Dedicated CD-textured 'OK' button
- Optimized dialpad layout with larger key space

HD Audio Quality for Efficient and Clear Communication

Combining high-quality hardware and sophisticated acoustic algorithm, Yealink W73H performs audio delivery with enlarged volume and depressed noise, making every conversation featuring clear and clean voice.

With enhanced performance in signal processing, the new handset also ensures a more stable and consistent experience for mobile communication.

Responsive, Durable and Powerful

Based on the upgraded computing ability, the WH73 handset is of faster response speed, improved sound quality and battery life, rewarding the users a wireless communication solution with favorableness and sustainability.

Multiple Choices of Yealink DECT Bases with Seamless Compatibility

Yealink W73H is compatible with DECT bases of single cell (W60B/W70B) as well as multi-cell(W80B/W90B), offering scalable DECT solutions to meet diverse needs.
